[EXTERNAL EMAIL]: Use Caution

Good evening, everyone,

Thank you to those that were able to make the meeting today. We broke into three workgroups, and each had a productive conversation that is moving us toward the recommendations we will need to have by the end of the calendar year. For those who were not able to make today's call, I wanted to do a quick recap of some of the information shared about the next steps and desired outcomes from the workgroups developed.

Next calendar year, we will have a statewide needs survey and will also be doing 10 in-person town halls and at least two virtual town halls. The reason we are pushing so hard for the subcommittees to develop some initial recommendations is we plan to use those recommendations to structure the conversations at the town halls. We are doing this to make sure that the work the subcommittee is doing is in line with what the citizens are telling us they will need to age in Missouri. Because of this, we have broken the LTSS Subcommittee into three workgroups to focus on those three specific aspects of LTSS. These workgroups are Long-Term Care (institutional), In-home (the compendium of community-based services and supports), and Navigating LTSS (this is talking about accessing and navigating through the wide array of services based on the person's individual needs). We would like for everyone on the subcommittee to join at least one of the workgroups. If you would like to join more than one workgroup, that is great too.

I will need to know which workgroup(s) you would like to be a part of. The breakouts for today are pasted below. If this is fine, there is no need to respond. If you would like to change workgroups or be on additional workgroups, please let me know so we can be sure the workgroup leaders are aware so they can include you on meeting invites. Please let me know by no later than COB October 10th.

The cadence of the meetings will be the LTSS Subcommittee meeting monthly, with the workgroups meeting between the subcommittee meetings. The next LTSS Subcommittee meeting will be

th st

between October 24 and 31 . Please use this doodle link to select the dates and times that would work best for you for the next LTSS Subcommittee meeting by COB on October 5th. https://doodle.com/meeting/participate/id/eEPOxDYd.

Also, if you know someone who should be involved in these discussions but has not been involved, please have them reach out to me, and we will get them added.
