How to Contact the Program

For questions about the Child and Adult Care Food Program (CACFP), requests for technical assistance, or instructions on how to schedule training, please contact:

**Missouri Department of Health and Senior Services
Community and Public Health
Community Food and Nutrition Assistance**

P.O. Box 570
930 Wildwood Drive
Jefferson City, MO 65102

1-800-733-6251

1-573-751-6269

Fax: 573-526-3679

Email: cacfp@health.mo.gov

Contact Us

Training

1. CACFP Training for Child Care Centers will be provided via Webex. To enroll for training, visit the webpage at: www.health.mo.gov/cacfp.
2. Online trainings are available at: www.health.mo.gov/cacfp.

Online trainings include:

- Civil Rights
- CACFP Meal Pattern
- CACFP Infant Meal Pattern
- CORE (CACFP Operational Resources & Education)

Training Objectives

- Understand the staff and director responsibilities for the child care center's or sponsoring organization's (SO) participation in the Child and Adult Care Food Program (CACFP).
- Understand the responsibilities of the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) in administering the CACFP.
- Understand how sponsors meet and comply with CACFP performance standards.
- Understand the importance of accurate recordkeeping and its role in verifying the center's claims for reimbursement.
- Identify the records that must be maintained by center staff to meet regulatory requirements. Explain the procedures for completing each record.
- Understand Civil Rights compliance requirements.
- Use the meal pattern requirements and menu planning process to create nutritious and creditable meals.
- Explain how to use the United States Department of Agriculture Food Buying Guide (FBG) for Child Nutrition Programs and the Crediting Handbook for the CACFP to assist with menu planning.
- Explain the importance of good nutrition in the child care setting.

Benefits of the Child and Adult Care Food Program

Child and Adult Care Food Program (CACFP) can help your center and the families you serve.

The CACFP is a federal program that provides reimbursements for nutritious meals and snacks to eligible children who are enrolled for care at participating child care centers. CACFP improves the quality of day care and contributes to the wellness, healthy growth, and development of young children in the United States.

CACFP plays a vital role in improving the quality of child care, making it more affordable for the organization. Benefits include:

- Centers may be approved to claim up to two meals (breakfast, lunch, or supper) and one snack (morning, afternoon, or evening) OR two snacks and one meal per enrolled participant in attendance each day.
- Training and technical assistance is available on nutrition, foodservice operations, program management, nutrition education, and recordkeeping.
- Improved health and well-being of infants and children through age 12 by providing nutritious, well-balanced meals.
- Development of healthy eating habits in children that will last through their lifetime.

KEY POINTS

Key points to remember about CACFP:

- Providing nutritious meals and snacks is the primary goal. The mission of Food and Nutrition Service (FNS) is to provide children and families better access to food and a more healthful diet through its food assistance programs, such as CACFP, and nutrition education efforts in compliance with 7 CFR 226.
- CACFP is a supplementary program; not an entitlement program which requires accurate recordkeeping and program compliance.
- United States Department of Agriculture's (USDA) FNS administers the CACFP at the national level and the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA), is the State Agency (SA) who administers the program in Missouri.
- The DHSS-CFNA is regulated by Congress and the USDA.
- The DHSS-CFNA will conduct CACFP monitoring reviews at all participating independent centers and sponsoring organizations pursuant to 7 CFR 226.

Performance Standards

Financial Viability, Administrative Capability, Program Accountability

The executive director and the board chair or owner of the child care facility or sponsoring organization (SO) and those named as a responsible individual and food program contact must, due to their position in the facility, accept final administrative and financial responsibility for the Child and Adult Care Food Program (CACFP) and ensure that the CACFP is operated with program integrity.

Each new independent facility, SO of two or more facilities, or renewing facility must submit information sufficient to document that it is financially viable, is administratively capable of operating the program in accordance with CACFP regulations, and has internal controls in place to ensure accountability. To document this, any new institution must demonstrate in its application that it is capable of operating in conformance with the CACFP performance standards.

The Department of Health and Senior Services-Community Food and Assistance (DHSS-CFNA) must only approve the applications of those new institutions that meet these performance standards, and must deny the applications of those new institutions that do not meet the standards. In ensuring compliance with these performance standards, the DHSS-CFNA establishes rules and procedures and makes decisions based on information from internal controls at the federal and state level that includes: information obtained during the application process; information from audits and complaints, results of edit checks, claim reviews, monitoring reviews; and notice of civil and criminal action.

Each new independent facility, SO of two or more facilities, or renewing facility must submit information sufficient to document they are operating in accordance with the **CACFP Performance Standards – Viability, Capability, and Accountability (VCA)** outlined in 7 CFR 226.6(b)(1):

1. The organization must be **Financially Viable**. The facility must have a budget and demonstrate it has adequate financial resources to operate the CACFP on a daily basis, has adequate sources of funds to continue to pay employees and suppliers during periods of temporary interruptions in CACFP payments and/or to pay debts when fiscal claims have been assessed against the institution, and can document financial viability through audits or financial statements. Sponsors must ensure that CACFP funds are expended and accounted for in accordance with CACFP regulations, 2 CFR 400, and the requirements in FNS Instruction 796-2, rev. 4.
2. The organization must be **Administratively Capable**. The facility must have appropriate and effective management practices in place to provide program benefits to all participants and an adequate number and type of qualified staff to operate the CACFP. An SO of two or more facilities, must document in its management plan that it employs staff sufficient to meet the ratio of monitors to

facilities, taking into account the factors that DHSS-CFNA will consider in determining an SO's staffing needs, as set forth in CACFP regulations. An SO must have program policies and procedures in writing that assign program responsibilities and duties. An SO's policies and procedures must also ensure compliance with civil right requirements.

3. The organization's program must be **Accountable**. The facility must have internal controls and other management systems in effect to ensure fiscal accountability and to ensure that the CACFP will operate in accordance with requirements. To demonstrate program accountability, the institution must document that it meets the following criteria:
 - **Board of Directors** – have adequate oversight of the program by an independent governing board of directors.
 - **Fiscal Accountability** – have a financial system with management controls specified in writing. These written operational policies must assure:
 - Fiscal integrity and accountability for all funds and property received, held, and disbursed.
 - The integrity and accountability of all expenses incurred.
 - Claims will be processed accurately and in a timely manner.
 - Funds and property are properly safeguarded and used.
 - Expenses incurred are for authorized program purposes.
 - A system of safeguards and controls is in place to prevent and detect improper financial activities by employees.
 - **Recordkeeping** - maintains appropriate records to document compliance with CACFP requirements including budgets, accounting records, approved budget amendments, and if an SO, management plans and appropriate records on facility operations.
 - **SO operations** - documentation in the management plan that it will: provide adequate and regular training of SO staff and sponsored facilities, perform monitoring to ensure the sponsored facilities accountably and appropriately operate the program, and have a system in place to ensure that administrative costs do not exceed the regulatory 15 percent limitation.
 - **Meal Service and other operational requirements** - follow the practices that result in the operation of the program in accordance with the meal service, recordkeeping, and other operational requirements of the federal regulations. These practices must be documented and must demonstrate the independent center or sponsored facilities will:
 - Provide meals that meet meal pattern requirements.
 - Comply with licensure or approved requirements.
 - Have food service that complies with applicable state and local health and sanitation requirements.
 - Comply with civil rights requirements.
 - Maintain complete and appropriate records on file.
 - Submit claim reimbursement only for eligible meals.

Program Integrity

CACFP regulations define Seriously Deficient (SD) as the status of an institution that has been determined to be non-compliant in one or more aspects in its operation of the program. If institutions are unwilling or incapable of correcting serious problems, the SD process protects program integrity by removing the institution from the program.

The chairman of the Board of Directors as well as the executive director or owner or other person(s) responsible for the Child and Adult Care Food Program (CACFP) operation, noted on the Center and/or Sponsor Info Sheets on the Application/Claims database are considered the “responsible individual(s)” or “responsible principal(s)” of the organization. By virtue of the management position as a “responsible person”, you have administrative and financial responsibility for the oversight, management, and integrity of the CACFP and compliance with applicable regulations.

Should your facility or institution ever be classified as SD and terminated due to mismanagement of the CACFP, the name(s) of the “responsible principal(s)” and “responsible individual(s)” will be placed on the United States Department of Agriculture’s (USDA) National Disqualified List (NDL). Once on the NDL, the responsible(s) parties named would not be able to work in another organization that participates in the CACFP or in any other Child Nutrition Program for up to seven years.

Management Tools and Resources

Child care facilities and organizations enter into a contract with Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) to participate in the CACFP. The following management tools and resources are available on the Missouri CACFP website at: www.health.mo.gov/cacfp

- CACFP Income Eligibility Guidance for Child Care Centers
- United States Department of Agriculture Food Buying Guide for Child Nutrition Programs
- Crediting Handbook for the Child and Adult Care Food Program
- Child & Adult Care Food Program Manual for Child Care Centers
- “And Justice For All” poster
- Building for the Future flyer and pamphlet
- Missouri WIC Works poster

Discovering Problems

The following is a management assessment tool that describes some of the more common indicators of program mismanagement identified through federal and state level internal controls.

Child and Adult Care Food Program Institutions Indicators of Potential or Existing Problems (RED FLAGS!)

Budget/Claim for Reimbursement

-  Year-to-date claims do not reflect approved budget.
-  Questionable or potentially fraudulent meal claiming practice (e.g. meals claimed when facility is closed).

Operational Oversight

-  No qualified accountant or an adequate accounting information system.
-  Lack of internal controls (e.g. inadequate separation of duties, position held by family member limits internal control).
-  Related party transactions (e.g. when director or family member is the owner of the catering company used for contracted meals or owner of rented property housing the CACFP facility).
-  Absentee management.
-  Substantial difference between the number of participants observed at meal time during the monitoring review and the Average Daily Participation (ADP) for the same meal for the review month.
-  Substantial difference between the attendance documented by the Office of Childhood, Child Care Compliance in the "Show Me Child Care Provider Search" and the ADP for the meal claimed when the Office of Childhood, Child Care Compliance specialist was in the facility.

Audits

-  Required audits or monitoring reviews are not performed by SO's.
-  Management/Board of Directors does not follow-up on corrective action taken.

Other

-  Health and safety concerns reported from any source.
