## **Monitoring Reviews**

The United States Department of Agriculture (USDA) and the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) require independent centers and Sponsoring Organizations (SOs) to maintain complete and accurate original Child and Adult Care Food Program (CACFP) records. DHSS-CFNA is required to ensure centers and the SOs are accountable for all reimbursement received in compliance with program regulations. Each center and SO will be reviewed by DHSS-CFNA at least once every three years in a CACFP monitoring review. A sponsor may be reviewed for compliance at any time.

Program monitoring reviews may or may not be announced in advance. If announced in advance, the sponsor will receive a letter and the review will be conducted within the week specified in the letter. For unannounced reviews, no advance notification will be given. The center may contact our office (800-733-6251) if there are days they know they will not be available. Although, according to the Office of Childhood, Child Care Compliance, "another responsible individual shall be designated to be in charge of the facility" in the absence of the director and records must be kept at the physical location for an independent center (during the hours of operation) or at the location noted on the Management Plan for multi-site SOs.

During monitoring reviews, all original program records must be maintained on location and made available for review within one hour of arrival by state and/or federal officials. Failure to have CACFP records available will result in findings, corrective action and/or overclaims; DHSS-CFNA may disallow up to twelve months of claims for reimbursement the center or SO must repay.

Centers must maintain all required original records, not copies, on file for a period of three full fiscal years after the final claim for reimbursement for the fiscal year was submitted, or longer if audit findings have not been resolved. The federal fiscal year begins October 1 and ends September 30.

The **Materials Needed for a CACFP Monitoring Review** checklist, on the next page, is provided to help organizations prepare for the review.

#### **Technical Assistance Visit:**

DHSS-CFNA wants you to be a success which is why Technical Assistance (TA) visits are offered for new CACFP organizations. After your center has been participating in the CACFP for a few months, it is highly encouraged for you to schedule a TA visit with your district nutritionist. In preparation for your TA visit, you must have submitted at least one claim. TA visits are similar to monitoring reviews, but are conducted as a courtesy to your organization. The purpose of the TA Visit is to review your records and procedures with you for program compliance, answer any program questions you might have, and provide you with the guidance needed to help you be successful with CACFP! A TA visit is not punitive in nature and is strictly meant to help facilitate your organization's success. This visit can help reduce findings and the need for corrective actions in the future during monitoring reviews.
