

**Missouri Department of Health and Senior Services  
Community Food and Nutrition Assistance  
Child and Adult Care Food Program**

**Competitive Bid Procedures for Meal Service Contracts \$250,000.00 or less**

Sponsors must use the bid prototype included in this packet if the food service contract has a total aggregate value of \$250,000.00 or less. If the contract will exceed \$250,000.00, please contact the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) at 800-733-6251 for the correct bid packet.

Contracts for \$250,000.00 or less are not required to follow the formal invitation for bid process; however it is the sponsor's responsibility to ensure that competitive procurement procedures are followed.

- **Schedule A-List of Centers/Sites/Homes where program will operate** - List the name of centers/sites/homes, address and phone number, authorized designee, meal type, quantity of meals, delivery time of meals, days of operation, beginning and ending date of program, and holding facilities at center/site/home.
- **Schedule B-10 Day Cycle Menu** - Develop, at a minimum, a two-week cycle menu and insert it into Schedule B of the bid packet. Program regulations specify minimum meal pattern requirements, but sponsors may improve upon these minimums to increase the variety and appeal of menus. **Do not let potential bidders provide the menus.** Each potential bidder must be given a fair and equal opportunity to bid on the SAME meals. Resources needed to develop the menus include:
  - **Standardized Recipes:** A standardized recipe is one that has been tried several times using the same method and equipment. A standardized recipe produces consistency in product quality and yield the same number of servings every time it is used as long as the same procedures, equipment, and ingredients are used. Because standardized recipes specify exact amounts of ingredients, it is easier to manage the cost and storage of foods. A link to the USDA Standardized Recipes is available on the CACFP website at: <http://health.mo.gov/cacfp>.
  - **The USDA Food Buying Guide (FBG) for Child Nutrition Programs is available as an interactive web-based tool, as a mobile app, and as a downloadable PDF.** USDA resources help you determine the right amount of food and appropriate type of food to purchase for your program. These resources aid in determining the specific meal contribution each food makes towards the meal pattern requirements, as well as providing information on recipe analysis. The FBG, Web-based Interactive FBG, The FBG Mobile App, and The FBG Calculator are available online at: <https://www.fns.usda.gov/tn/food-buying-guide-for-child-nutrition-programs>.
  - Food specifications must describe the sponsor's needs in clear and precise language. **The specifications should not include information, which could restrict competition.** Restriction of competition might

include the use of brand-name products or a description of a product that may limit the bid to one supplier.

- **Schedule C-Child and Adult Care Food Program Food Charts** available on the CACFP website at: <http://health.mo.gov/cacfp>.
- **Schedule D-Unit Price Table** can be used but is not required to track unit prices from bidders.

Contact at least three reputable Food Service Management Companies (FSMC) and obtain price quotes on the meals you propose to serve. You will need to supply **Schedule-A List of Centers/Sites/Homes where program will operate, Schedule-B 10 Day Cycle Menu, and Schedule-C Child and Adult Care Food Program Food Charts** to assure the meals meet minimum requirements.

- Document the information and price quotes obtained from the companies contacted on the **Documentation of FSMC Contact** attached.
- Consideration shall be given to such matters as contractor integrity, compliance with public policy, record of past performance, lack of conflict of interest, and financial and technical resources.
- The award of the contract goes to the lowest bidder unless the sponsor has documentation and justification to support awarding the bid to someone other than the lowest bidder. Any bid that the sponsor wishes to accept that is not the lowest bid must have the approval of DHSS-CFNA prior to acceptance.
- Choose the company that offers the best quality meals at the lowest price. Sign a contract with the company using the contract prototype provided by DHSS-CFNA.

**The sponsor is ultimately responsible for assuring that all requirements are being met by the Food Service Management Company, including the responsibility for maintaining menus and production records.**

These records should be collected by the sponsor on a weekly, or no more than monthly, basis. The records should be reviewed for accuracy and adequacy to assure the meals meet minimum requirements.

Items DHSS-CFNA requires from sponsor to approve contract:

- Documentation of FSMC Contact
- Accepted Bid
- Signed contract
- Copy of Contractor's Business License
- Sanitation Inspection and/or Health Permit
- Certification that the owner/operator(s) of the FSMC (contractor) is not on the USDA National Disqualified List (NDL). By checking this box and signing the FSMC contract, the sponsor is certifying they have verified that the FSMC owner/operator(s) is not on the NDL (<https://snp.fns.usda.gov/ndlweb/Welcome.action>).
