Missouri Department of Health and Senior Services Summer Food Service Program Manual

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by

Training

1. Training for the Summer Food Service Program is available online at: <https://health.mo.gov/sfsp>. The training consists of four modules. SFSP sponsors must complete all four modules.
2. Training will be provided via WebEx or on-line Modules. Contact CFNA to register.
3. Online Civil Rights training is also available at: <https://health.mo.gov/sfsp>.

Introduction

Learning does not end when school lets out. Neither does the need for good nutrition. The United States Department of Agriculture's (USDA) Summer Food Service Program (SFSP) relies on innovative and collaborative efforts to reach children in need. The USDA encourages collaborations with valued partners at the national, state, and local levels to raise awareness about the nutrition gap children can face when schools close for the summer and to raise awareness about the availability of summer meals to close this gap.

The SFSP was established to ensure that children continue to receive nutritious meals when school is not in session. Free meals that meet federal nutrition guidelines are provided to all children at approved SFSP sites.

The SFSP operates during school vacations, primarily in the summer months – from May through September. It may also provide meals during vacation breaks in schools that are operated on a year-round basis or a continuous school calendar, or during emergency school closures from October through April.

The USDA's Food and Nutrition Service (FNS) administers the SFSP at the national and regional levels. Within the state of Missouri, the program is administered by the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA).

Locally, public or private nonprofit organizations that want to "sponsor" the program apply, and if eligible, are approved by the DHSS-CFNA to operate the program. These sponsoring organizations sign program contracts and are responsible for overseeing program operations. Sponsors receive federal reimbursement from the DHSS-CFNA to cover the administrative and operating costs of preparing and serving meals to children at one or more eligible meal service sites. As a sponsor interested in administering the SFSP, you are the link that translates this federal benefit into nutritious meals and snacks for children. If you are new to the program, please consider participating as a site or sponsor in this important mission. If you are a returning sponsor, please consider adding sites and activities that will help draw children to your existing program.

(Please record current rates from the training slides)

For Meals Served at Rural and/or Self-prep Sites:	
Breakfast	
Lunch or Supper	
Supplement	

For Meals Served at Urban Vended Sites:	
Breakfast	
Lunch or Supper	
Supplement	

Current Meal Reimbursement Rates are also located on the SFSP website under Applications and Forms at:

<https://health.mo.gov/sfsp>

Calculate Potential Reimbursement for the Budget

Estimated daily meals to be served _____

Times the number of days of operation _____

Times the reimbursement rate for meal type _____

Equals the potential SFSP reimbursement for meal type _____

Perform this calculation for each meal type to be served then add these amounts together. Repeat calculations for sites with different meal types or a different number of days of operation. The sum of all calculations equals the potential reimbursement and should be used to prepare the budget on the application. When you access the web-based system, the meals times rate will be displayed on the web-based budget sheet.

Performance Standards

Financial Viability, Administrative Capability, Program Accountability

To participate in the Summer Food Service Program (SFSP), a sponsor is required to demonstrate financial and administrative capability for program operations and accepts final financial and administrative responsibility for program operations at all sites it proposes to conduct a food service in accordance with the performance standards outlined in SFSP regulations (7 CFR 225.6).

The Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) must only approve the applications of those sponsors that meet these performance standards, and must deny the applications of those sponsors that do not meet the standards. In ensuring compliance with these performance standards, the DHSS-CFNA establishes rules and procedures and makes decisions based on information from internal controls at the federal and state level that includes information obtained during the application process; information from audits and complaints, results of edit checks, claim reviews, monitoring reviews; and notice of civil and criminal action.

Each new and renewing sponsor must submit information sufficient to document they are operating in accordance with the **SFSP Performance Standards – Viability, Capability, and Accountability (VCA)** outlined in 7 CFR 225.6(d):

1. The sponsor must be **Financially Viable**. The sponsor must expend and account for program funds in accordance with 7 CFR 225.6, FNS Instruction 796-4, Financial Management in the Summer Food Service Program; 2 CFR part 200, subpart D; and USDA regulations 2 CFR parts 400 and 415.

The sponsor must provide a budget and demonstrate that it has adequate sources of funds available to operate the program, pay employees and suppliers during periods of temporary interruptions in program payments, and pay debts if fiscal claims are assessed against the sponsor. The sponsor must provide documentation to demonstrate financial viability, such as audit documents, financial statements, and other requested documentation prior to approval of an application and at any time requested by the state agency.

2. The sponsor must be **Administratively Capable**. The sponsor must have appropriate and effective management practices in place to ensure that the program will operate in accordance within SFSP regulations. To demonstrate administrative capability, the sponsor must have an adequate number and type of qualified staff to ensure the operation of the program, consistent with SFSP regulations; and have written policies and procedures that assign program responsibilities and duties and ensure compliance with civil rights requirements.
3. The sponsor must demonstrate **Program Accountability**. The sponsor must have internal controls and other management systems in effect to ensure fiscal accountability and to ensure that the program will operate in accordance with SFSP requirements. To demonstrate program accountability, the sponsor must demonstrate that the sponsor has a financial system with management controls specified in written operational policies that will ensure that:

- All funds and property received are handled with fiscal integrity and accountability;
- All expenses are incurred with integrity and accountability;
- Claims will be processed accurately, and in a timely manner;
- Funds and property are properly safeguarded and used, and expenses incurred, for authorized program purposes; and
- A system of safeguards and controls is in place to prevent and detect improper financial activities by employees.

The sponsor must maintain appropriate records to document compliance with program requirements, including budgets, approved budget amendments, accounting records, management plans, and site operations.

Program Integrity

Each program will be reviewed for compliance with the SFSP Regulations 7 CFR 225. Sponsors will also be reviewed to ensure that they are following the guidelines set out in this manual and the guidelines set out in the SFSP contract and Scope of Work. If serious violations are found, a sponsor must be determined Seriously Deficient (SD).

USDA regulations define Seriously Deficient (SD) as the status of an institution that has been determined to be non-compliant in one or more aspects in its operation of the program. An institution that is determined to be currently SD or has been terminated from any federal child nutrition program may not enter into an agreement to participate in the Summer Food Service Program (SFSP).

The individuals noted on the Sponsor and Site Information Sheets on the Application and in the CNP web-based system are considered responsible individuals or responsible principles of the program.

By virtue of the management position as a “responsible person”, you have administrative and financial responsibility for the oversight, management, and integrity of the SFSP and compliance with applicable regulations.

As a contracted provider of the SFSP, sponsors must maintain records and provide access to any records or documents to authorized representatives of the Department, State, and Federal government for inspection upon request.

Management Tools and Resources

Sponsors enter into a contract with Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) to participate in the SFSP. The following management tools and resources are available on the Missouri SFSP website at: www.health.mo.gov/sfsp.

- SFSP Income Eligibility Guidance for Camps and Enrolled Sites
- United States Department of Agriculture Food Buying Guide for Child Nutrition Programs
- Summer Food Service Program Manual
- “And Justice For All” poster
- SFSP Signs
- USDA Manuals: Administration Guide, Nutrition Guide, Site Supervisor Guide, and Sponsor Monitor’s Guide

Non-Contractible Management Responsibilities

7 CFR 225.15 (a)(3)

Each SFSP sponsor is required annually to complete a Management Plan. The Management Plan is part of the online application. The Management Plan instructs the sponsor to line out who will be responsible for certain management actions.

There are specific management responsibilities that sponsors may not contract out. Sponsors remain legally responsible for ensuring the food service operations meet all requirements specified in the agreement the sponsor signs with the state agency. **Sponsors may NOT contract out management responsibilities of the program, including but not limited to the following tasks:**

- Attending the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) annual training.
- Locating and recruiting eligible sites.
- Conducting pre-operational visits of sites.
- Competitively procuring food to be prepared or contracting with a vendor for meals to be delivered to your meal sites.
- Monitoring all sites.
- Preparing and submitting claims for reimbursement.
- Conducting a nonprofit food service.
- Ordering meals.
- Assuming official recordkeeping responsibilities.
- Consolidating and submitting claims for reimbursement.
- Training and monitoring administrative and site staff.
- Announcing availability of meals to the news media.
- Determining income eligibility and maintaining individual income eligibility statements.
- Enforcing corrective action.
- Preparing program applications.

Sponsors should check with the state agency before allowing a Food Service Management Company (FSMC) to undertake any other tasks that may be considered management functions or any tasks that are related to the bulleted items listed above. It is also important to note that an FSMC contract is between the sponsoring organization and the FSMC only, and neither USDA nor the state agency have jurisdiction to enforce it with either party, or to resolve any disputes that may arise.

Expansion and Outreach

Summer Food Service Program (SFSP) sponsors may utilize the United States Department of Agriculture's (USDA) Capacity Builder Map to determine underserved areas and identify locations for new sites. Sponsors can also find their nearest potential community partners such as multi-family housing units, libraries, faith-based institutions, military bases, schools, and more. The Capacity Builder Map is available on the USDA website under **Mapping Tools for Summer Meal Programs**.

Families may utilize Missouri's Geographic Information System (GIS) map to find SFSP sites in their area. This can be found on the SFSP website, under "Find an SFSP site near you"

Families can also text "Summer Meals" to 914-415-6617 or call 1-866-348-6479 to find a site near them.

Pre-Operational Site Review

Pre-operational visits must be conducted by the sponsor for each new site prior to application submission and the Pre-Operational Site Review forms must be kept on site for the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) to review. Before sites operate the SFSP, pre-operational visits must be completed for new sites, sites that are new to rural non-congregate meal service, and those sites that experienced operational problems the previous year. These visits are required to determine that the sites have the facilities to provide meal service for the anticipated number of children in attendance and the capability to conduct the proposed meal service. The Pre-Operational Site Review Form is located on the next page.

Operation Guidelines

The Summer Food Service Program (SFSP) operates during school vacations, primarily in the summer months from May through September. This program may also provide meals during vacation breaks where schools are operated on a year-round basis or a continuous school calendar, or during disaster-related emergency school closures from October through April.

Sponsors are responsible for overseeing program operations and ensuring that all sites adhere to federal regulations. Sponsors receive federal reimbursement from the state agency to cover the administrative and operating costs of preparing and serving meals to eligible children at one or more feeding sites. A sponsor can be very large and have many sites or be small with only one or two sites.

General Site Rules for SFSP Programs:

- Meal services are for children 18 years or younger and persons with disabilities over age 18 who participate in school programs for people who are mentally or physically disabled.
- Food provided by the site as part of SFSP cannot be taken from the site (congregate meals); all meals must be eaten on site (unless prior approval is given by the State).
- Second meals may only be served after all children have received a first meal.
- The maximum number of second meals a sponsor can be reimbursed for is 2% of the sponsors' total first meals in a claiming period. Therefore, it is critical that sites adjust their meal preparations daily to avoid overproduction of meals.
- Parents may assist their children in carrying or opening meal packages, but may not consume any part of the meal.
- Sponsors with rural sites may request to serve non-congregate meals. All requests will require the completion of an agreement to operate the non-congregate meal service under the stipulations set forth by the state. Requests should be sent to sfsp@health.mo.gov.

Dates and Times of Operation

Meals must only be served during the approved meal times. The approved meal times are the times listed on the approved Site Information Sheet in the Summer Food Service Program (SFSP) application and claims database. You must adhere to your approved meal times and meal dates, or meals will be disallowed. A sponsor may submit changes to a site's meal service times and meal service dates at any time during the operation of the site. However, it is critical these changes be submitted and approved by the state prior to implementing the changes. Submit changes online at <https://mo.cnpus.com/cnp/Login>.

A site that does not operate or is unable to serve the proposed meals for the approved date and meal time may be closed by the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA). This includes being inoperable due to a non-disclosed field trip or inclement weather. Regulation 7 CFR 225.6(g)(1)(viii) states that sites will make arrangements for food service during periods of inclement weather. This requirement may be met by providing an alternate location during a weather event. All sponsors that operate sites outdoors must have a plan for serving meals during inclement weather, including excessive heat.

A site may be closed for the following:

- Failure to provide meal service on a date or during a time submitted and approved on the Site Information Sheet.
- Failure to request prior approval for a change in meal types served.
- Failure to request prior approval for a change in serving times.
- Failure to request prior approval for site operation location changes.
- Failure to request prior approval for site operation dates.
- Failure to complete and submit a site application for a site.
- Failure to report field trips prior to the trip date.
- Failure to adhere to the inclement weather policy.

Planning for Extreme Weather Conditions

Concerns for the physical health and safety of children and consideration of extreme weather conditions must be addressed by sponsors. Sponsors must ensure they have made appropriate arrangements for food service during periods of inclement weather. Although all outdoor Summer Food Service Program (SFSP) sites are not required to have an alternate temperature controlled site, sponsors should have a contingency plan for dealing with extreme weather conditions, such as thunderstorms and excessive heat.

If possible, sponsors of open sites should continue operating at the approved location. If due to extreme weather conditions, a sponsor must temporarily close an open site, the sponsor must update their site application in the CNP web-based system and submit for the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) approval.

If DHSS-CFNA approves the open site to close, the sponsor must notify the community of the change in meal service and provide information on alternative open sites.

Site Definitions and Eligibility Documentation

Summer Food Service Program (SFSP) Site Types: A site is a physical location where program meals are served and where children consume meals in a supervised setting. Once a site is determined eligible, it is eligible for 5 years.

Approval and Operation of a Rural Non-Congregate Site

The Consolidated Appropriations Act, 2023, established a permanent non-congregate meal service option for rural areas with no congregate meal service available.

Sponsors that operate in rural areas can request to operate a rural non-congregate feeding site with the following guidelines noted:

- The site must be indicated as a rural site as determined by USDA Memo SFSP 17-2015 and the organization must provide documentation supporting the rural designation, such as a screenshot of the FNS Rural Map.
- To participate, an organization must be currently in good standing. Meaning that the organization is current with its financial obligations, and, if applicable, has fully implemented all corrective actions within the required period of time as required from a previous review.
- When utilizing the non-congregate option, an organization must ensure that the required food components for each reimbursable meal served meet the meal pattern requirements; ensure that all food items that contribute to a reimbursable meal are clearly identifiable; must ensure that menus are provided; and must ensure that food preparation is minimal.
- To be approved, a rural non-congregate site must be at least 10 miles from any open congregate site that is offering the same meal service
- To be approved, a rural non-congregate site must not be in operation/will not operate within 15 miles of another non-congregate site.
- Operation of a site as rural non-congregate must be documented on the SFSP Site Information Sheet in the Non-Congregate Operations section in the CNPWeb application.
- The capacity of children to be served at the rural non-congregate site must be no greater than one hundred percent of the number of children 0-18 years of age in the service area per the most current census data.
- Parents or Guardians may pick up meals for child(ren) without the child(ren) present, but the Parent or Guardian must provide the name(s) of the child(ren) who will receive the meals and the sponsor must keep this documentation on file.
- The sponsor must collect and retain documentation of each child's name receiving a meal as the meal is distributed.
- The organization must have a procedure in place to ensure that duplicate meals are not distributed to any child and children only receive the allowable number of meals per day per SFSP regulation.
- Bulk meal pick-up or multiple day meal pick-up at the rural non-congregate site are the two non-congregate options.
- The organization may only provide bulk meal (non-unitized, grocery-style meals) pick-up for 5 days at a time.
- The organization may only provide multiple unitized meal (individual proportioned meals) pick up for up to 10 days. If an organization wishes to only serve 7 days, they may increase to 10 days if there is a holiday.
- If a site wishes to serve non-congregate meals but does not qualify based on area eligibility, the site could be determined to be a Conditional Rural Non-Congregate site.

The site can collect Income Eligibility Forms from participants and claim only those children that meet the income standards. If this option is chosen, the sponsor must submit a copy of the organizations hearing procedures with the application.

- The organization must complete a Pre-Operational site visit and document the visit on the Pre-Operational site review form prior to site approval for all sites that did not participate in the program the prior year; existing sites that are new to non-congregate meal service; and existing sites that exhibited operational problems the prior year.
- If at any time the organization receives a poor review of their rural non-congregate site (claiming more meals than observed, no meal counts available, no trained site on staff, unallowable meals served, meals provided to ineligible participants, and any other findings determined serious), the organization can be restricted to congregate meals only. In addition, depending on the findings, and at the discretion of the state, the site can be terminated and no future non-congregate sites will be allowed until the organization operates three years with minimal findings

Module 2: Applications, Training, and Civil Rights

Sponsors must apply and sign a contract to participate in SFSP. Sponsors are also required to complete state agency training and train their staff prior to operating.

Application Process

To apply for the program, potential sponsors must complete the Summer Food Service Program (SFSP) Potential New Sponsor Questionnaire and the SFSP Site Eligibility Questionnaire for each site to determine eligibility for the program. The sponsor will also complete a Network User Access Request form. A sponsor that meets the eligibility requirements will be given online access to complete the SFSP application in the CNP web-based system located at <https://mo.cnpus.com/cnp/Login>.

Please note that the sponsor is not approved for SFSP operations until the application has been approved by the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA). CFNA will not pay for meals served prior to approval.

Steps to the application process are outlined on the SFSP website under the heading, **Application Process**.

Returning sponsors should update the application on the CNP web-based system at <https://mo.cnpus.com/cnp/Login>.

On the CNP web-based system, Sponsors must complete the Sponsor Information Sheet, Budget, and Site Information Sheets prior to completing the Management Plan. **Please ensure that all information is accurate.**

Budgets should include all reasonable uses of the funds and must include the cost of those doing the paperwork and those cooking/serving the meals and the cost of the Food Service Management Company (FSMC) and/or the cost of food. If a cost is not on the budget, it is not an allowable cost and may be disallowed.

Management Plans must include your plan of how you will run the program and who will be assigned as responsible individuals. Please note that those listed to Monitor SFSP Sites are those that will be doing the formal monitoring at the sites and cannot be the Site Supervisor listed for that site.

Direct questions on the application process to DHSS-CFNA at SFSP@health.mo.gov or (888) 435-1464.

Application Deadlines

(For complete applications only)

- April 1-May 1, if you are interested in receiving commodities.
- By May 1, if requesting a June advance.
- The final deadline for a completed application is May 15 or at least 30 days prior to the first day of operation, whichever comes first. For example, if SFSP operations are to begin June 2, a completed application is due no later than May 1.

Be sure to retain a copy of the SFSP uploaded documents for your records!

New Application Checklist

Use this checklist to ensure all required items are complete for application to the Summer Food Service Program (SFSP). New sponsors will be required to complete questionnaires prior to gaining access to the CNP web-based system; the completed questionnaires must be emailed to SFSP (SFSP@health.mo.gov). Upon receipt, the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) will provide Network User Access or follow-up if needed. The sponsor will complete additional information directly on the CNP web-based system. Some forms must be downloaded from the Checklist Tab, completed and then uploaded to the system. This is outlined below:

Forms on the SFSP website that the applicant will complete and email to DHSS-CFNA:

- SFSP Potential New Sponsor Questionnaire
- SFSP Site Eligibility Questionnaire (one for each meal site)
- Network User Access Request

Forms completed directly in the CNP web-based system:

- Sponsor Information Sheet
- Site Information Sheet (one for each meal site)
- Sponsor Budget
- Sponsor Management Plan

Additional forms needed to complete the application for new sponsors:

If you are a returning sponsor, you will only need to upload items that are checkmarked on the Checklist Tab as required.

- Policy Statement for New Sponsors
- Vendor Input/ACH-EFT Application (for direct deposit)
- Annual Subrecipient Information Form (ASIF)
- Unique Entity Identifier (UEI Screenshot from SAM.gov)
- Sponsor/Site Agreements with each meal service site (required if the sponsor does not own location)
- Food Service Management Contract for vended sites (templates on the SFSP website)
- Documentation of IRS section 501(c)(3) Status
- Copy of IRS tax-exempt letter for Nonprofit Religious Organizations (if not a 501(c)(3) status)
- Financial Documentation/Bank Statements
- Date of attendance to the DHSS-CFNA provided SFSP training (Certification of Completion)
- E-Verify Memorandum of Understanding
- Verification of Vendor No Tax Due (if applicable)
- Rural Designation Documentation
- Site Preapproval Documentation

Site Operation Checklist

Use this checklist to ensure sites are ready for SFSP operations.

- Documentation of Training to Program Personnel: Required before start of program operations and kept onsite for DHSS review.
- Pre-Operational Site Review: Completed for each new site prior to site application submission and kept onsite for Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) review.
- “And Justice For All” Poster: Must be displayed in a prominent location at each site where it can be easily viewed.
- Sponsor/Site Agreement: Must be completed before adding a site at a location the sponsor does not own.
- Daily Meal Count Form: Completed at the point of service for each meal. Must be dated and kept with monthly records.
- Medical Food Substitution Form: Have a few copies available for participants with allergies and or special dietary needs. Must be signed by a physician.
- 2nd & 4th Week Monitor Site Review Form for Self-Preparation Sites or Vended Sites: Sponsors are required to conduct reviews within the first two weeks of operation and again within the first four weeks of operation. There is also space to record your beneficiary data, which is required once per year.
- Attendance Records: Required for Closed Enrolled Sites, Rural Non-Congregate Sites (including Conditional Non-Congregate Sites), and Camps. Must have an attendance record for each day of operation.
- Enrollment Form: Required for Closed Enrolled Sites and Camps. Must have an enrollment form for each child.
- Income Eligibility Forms: Required for Conditional Non-Congregate Sites, Camps, and Closed Enrolled Sites (when applicable). Must be completed and approved for all children who qualify for free and reduced-price meals.

SPONSOR ANNUAL CHECKLIST

SFSP Sponsor checklist. This is a guide and is not all inclusive. Consult SFSP Manual.

What to do	When to do it
<input type="checkbox"/> Complete a Sponsor/Site Agreement with each site.	Before adding a new site, ensure you obtain a sponsor site agreement to provide meals at this location.
<input type="checkbox"/> Complete and document staff training.	Required before start of program operations. Keep documentation on site for DHSS-CFNA review.
<input type="checkbox"/> Complete a Pre-Operational Site Visit	Before adding a new site or changing a site from congregate to rural non-congregate. Must also be completed for any site that experienced operational problems the previous year.
<input type="checkbox"/> Complete Daily Dated Menus	Before preparing and serving the meals.
<input type="checkbox"/> Collect and file CN Labels or PFS	When purchasing any commercially prepared, combination food items. CN Labels should be removed and filed from the original food packages. May also print and file CN Labels and PFS.
<input type="checkbox"/> Document program costs (receipts, etc.)	After every purchase for SFSP Operations.
<input type="checkbox"/> Civil rights beneficiary data	Gather the data one time each summer.
<input type="checkbox"/> Post the “And Justice for All” poster at all sites and at the main sponsor location.	Must be displayed in a location at each site where it can be easily viewed. To receive a copy of the “And Justice For All” poster, please contact DHSS-CFNA at SFSP@health.mo.gov
<input type="checkbox"/> Complete Daily Meal Count Forms for each site.	Complete meal counts at the point of service for each meal. Must be dated and kept with monthly records.
<input type="checkbox"/> Complete 2nd Week Site Review for each site.	Sponsors are required to complete a site review within the first two weeks for each site and keep documentation on site for DHSS-CFNA review.
<input type="checkbox"/> Complete Weekly/Monthly Consolidation Form for each site.	Add up the meals served for the week/month and keep documentation on site for DHSS-CFNA review.
<input type="checkbox"/> Complete 4th Week Site Review for each site.	Sponsors are required to complete a review within the first four weeks of operation and keep documentation on site for DHSS-CFNA review.
<input type="checkbox"/> Review/update your online applications to ensure meals, meal times, capacity, and meal locations are correct.	Anytime there is a change in a site meal service, that information must be updated on the online site application immediately to ensure meals will not be disallowed.

<input type="checkbox"/> Complete monthly claim online.	Complete the claim after the end of the claim month in the online claiming system.
<input type="checkbox"/> Complete any follow up site reviews as required.	Sponsors are required to follow up on any site reviews that had findings.
<input type="checkbox"/> File records monthly.	Monthly, compile a file that includes all meal count sheets, menus, receipts, CN labels/Product Formulation Statement, and any other pertinent documentation to support the claim for that month including production records if you have a Food Service Management Company (FSMC) and delivery and temperature logs if you have a central kitchen or an FSMC. Camps, Conditional Non-Congregate Sites, and Closed Enrolled Sites must also include Income Eligibility Forms (IEFs), attendance records and/or enrollment forms as indicated below.
<input type="checkbox"/> For Camps, Conditional Non-Congregate Sites, and Closed Enrolled Sites – Keep Income Eligibility Forms (IEFs) up to date and filed accordingly.	At each meal service, ensure that children who are served have an IEF on file. Attendance records and meal counts must be dated and filed with monthly records.
<input type="checkbox"/> For Camps, Conditional Non-Congregate Sites, and Closed Enrolled Sites – Attendance must be recorded daily, and meal counts must include the names of each child that is provided the meal.	Attendance must be recorded daily. Record meal counts that include each child’s name at the point of service for each meal. Attendance records and meal counts must be dated and filed with monthly records.
<input type="checkbox"/> For Camps and Closed Enrolled Sites – Keep Enrollment Documentation up to date and filed accordingly.	At each meal service, ensure that children that are served have an enrollment form on file. Must be filed with monthly records.

Meal Preparation and Contracting for Food Service

The best method of meal preparation will depend upon factors such as the type of menu desired, the availability of food service equipment, space and personnel, and the budget of the organization.

Meal Preparation Methods

- **Self-prep:** Self-prep, also referred to as on site preparation, means a site that prepares the majority of meals that will be served at its site or receives meals that are prepared at its sponsors' central kitchen. The site does not contract for unitized meals, with or without milk, or for management services. This is the most economical method when the center has a kitchen, sufficient food preparation equipment, and available staff. The sponsor will follow the basic recordkeeping requirements of the Summer Food Service Program (SFSP).
- **Central Kitchens:** Meals are prepared in a kitchen at one of the sponsor's physical locations or sites by the sponsor's employees and delivered to another one or more of the sponsor's sites. The sponsor will follow the basic recordkeeping requirements of the SFSP plus daily meal delivery tickets, where applicable. Contact the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) for specific requirements for your circumstances.
- **Vended:** Vended site means a site that serves unitized meals, with or without milk, that were procured through a formal agreement or contract with: (a) public agencies or entities such as a school food authority; (b) private, nonprofit organizations; or (c) private, for profit companies such as a commercial food distributor or food service management company (FSMC). This includes an FSMC that operates within a school.
 - **Purchasing from a School:** Meals may be purchased from a public or private nonprofit school that participates in the National School Lunch Program (NSLP) or the School Breakfast Program (SBP), either in bulk or as individual packaged units. A sponsor that receives meals from a school must enter into a written agreement with that school or district.

This annual agreement must contain the basic provisions of the program requirements, non-competitive bid process. A sponsor may use the **Sponsor Agreement with a School or Affiliated Organization to Furnish Food Service for the SFSP** located on the SFSP website. Federal regulations exempt organizations from having to competitively bid for catered meals when those meals are purchased through schools participating in the NSLP or SBP. Signing an agreement with a school to provide meals does not relieve the independent center of its program responsibilities for monitoring and recordkeeping. Additional recordkeeping is required when a sponsor obtains meals from a school; recordkeeping requirements are listed below.

- **Purchasing from another Department within the Organization:** Organizations who receive meal services obtained through a competitive process by another

department of the same organization, such as a university child care center whose meal services are provided by the campus dining hall or campus student union, may also use a non-competitive process to obtain SFSP meals. Such organizations may sign an agreement with the food service caterer contracted by the organization to provide meals for the entire organization. This type of situation is common in large organizations such as hospitals, nursing homes, schools, governmental entities, and universities where food services are centralized. As long as the meals provided to the centralized food service were obtained through a competitive manner within a formal bid process, those same services may be used by the SFSP organization. A sponsor may use the **Sponsor Agreement with a School or Affiliated Organization to Furnish Food Service for the SFSP** located on the SFSP website when obtaining meals in this manner.

- **Purchasing from a Food Service Management Company:** Food service management companies are organizations that prepare and deliver meals. An independent center that purchases meals from an FSMC must enter into a written contract with the company. The bid prototypes and SFSP guidance on meeting procurement standards are located on the SFSP website. Ensure that there is no conflict of interest with any FSMC contracts as required in regulation. Signing a contract with an FSMC does not relieve the center of its program responsibilities for monitoring and recordkeeping. Regulations require that a copy of the contract be submitted to DHSS-CFNA before the beginning of program operations under the contract; and all bids totaling over \$250,000 shall be submitted for state agency approval before the sponsor accepts and signs any contract. In addition, all bids shall be submitted to the state agency for approval before accepting a bid which exceeds the lowest bid. DHSS-CFNA shall respond to any request for approval within ten working days of receipt (7 CFR 225.15).
- **Purchasing from a Commercial Vendor:** Commercial vendors are public organizations, hospitals, college cafeterias, etc., private commercial enterprises, caterers, or individuals that provide non-food items or individual food items but not complete meals. A sponsor that purchases from a commercial vendor must enter into a written contract with the vendor following the guidelines for the formal or informal competitive bid process, depending on annual meal expenditures.

Additional recordkeeping is required when a SFSP sponsor obtains meals from a school.

The school or school district that provides meals to sponsors under an agreement must provide the following documentation to the SFSP contractor on a weekly or no less than a monthly basis:

- Food costs to substantiate the reimbursement.
- Daily dated menus using a minimum of a two week menu cycle.
- Daily meal delivery tickets to verify the amount of food and/or number of meals provided to the center.
- Production records.

In addition to the records required under the agreement, the commercial vendor must provide the following documentation to the SFSP sponsor on a daily, weekly, or no more than a monthly basis:

- Documentation of paid invoices to verify contractual accountability.
- Meals per labor hour recordkeeping to document staff allocation.

While completing your Management Plan, keep in mind that Federal regulations prohibit sponsors from contracting out the management responsibilities of the SFSP, including but not limited to:

- Ordering meals.
- Maintaining program records.
- Submitting claims for meal reimbursement.
- Training and monitoring.
- Determining eligibility for free or reduced-price meals.

The sponsor must monitor the conditions set forth in the food service contract and compliance with SFSP requirements. The DHSS-CFNA will not intervene in contract disputes.

It is the responsibility of the sponsor to monitor the requirements of the agreement for compliance with the SFSP requirements. First occurrence meal disallowances will be taken at the SFSP monitoring reviews in the following instances when:

- There is no or inadequate processed food documentation, such as CN labels.
- There are no production records.
- The production records indicate that the caterer did not provide enough food to meet the minimum portion requirement.

The procedures for the informal and formal bid processes are available on the SFSP website at: <http://health.mo.gov/sfsp> - Food Service Management Contracts. These include:

- Bid Packet for Contracts \$250,000.00 or less
- Bid Packet for Contracts greater than \$250,000.00
- Annual Extension for Contracts greater than \$250,000.00
- Sponsor Agreement with a School or Affiliated Organization

Making Changes

Sponsors are required to contact the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) to report any site changes. Site changes can be entered online in the CNP web-based system (<https://mo.cnpus.com/cnp/Login>). Submit into Pending Approval status.

Prior to starting operation of your program and periodically during operation, check all information on the site forms and correct if there are any changes.

The sponsor must notify DHSS-CFNA if any of the following occur prior to implementing:

- Changes in meal service times.
- Changes in meal types.
- Increases in estimated attendance (i.e., number of children to be served at each meal or snack service).
- Changes in operations such as site temporarily closed, field trips, etc. Note: Field Trip with meals served off site must be documented and approved online in order to claim the off-site meal.
- Start/stop date changes.
- Extending site operations.
- Permanent site closing.
- Sites that were approved for operation but never opened.
- Changes in personnel. Report changes to DHSS-CFNA of administrative personnel who serve as contacts. Site supervisory personnel changes must also be reported to DHSS-CFNA.
- Changes in central kitchen. Central kitchen changes require an inspection and approval prior to use of the new kitchen.
- Changes in food service management companies. These changes require contract approval.

This information must be updated online and submitted into Pending Approval status. Failure to update this information could cause a claim for reimbursement to be rejected by the claims payment system and result in delayed and/or reduced payment.

The sponsor must notify DHSS-CFNA by 2:00 p.m. the day before the anticipated change is to take place. Failure to meet this deadline may result in disallowed meals. If a change is to occur on a Monday, the sponsor is required to notify DHSS-CFNA by 2:00 p.m. on the preceding Friday.

In emergency situations, such as fire, flood, or transportation breakdowns, contact DHSS-CFNA at 888-435-1464 as soon as possible, once the situation has been assessed.

New site opening – The sponsor must submit an SFSP Site Eligibility Questionnaire. New sites may not operate until the site has been approved by DHSS-CFNA. This approval may include a review of the food service management company to ensure additional meals can be prepared.

If the site location changes – If the location of a site changes, the sponsor must submit an SFSP Site Eligibility Questionnaire. Meals served at the new location may not be claimed for reimbursement until the new site location has been approved by DHSS-CFNA.

USDA Donated Food (Commodities)

A complete Summer Food Service Program (SFSP) application must be submitted on-line and approved by the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) before the United States Department of Agriculture (USDA) Donated Foods Agreement/Offer Notice will be issued to the sponsor. The sponsor may request commodities starting April 1 through May 1.

Sponsors are encouraged to read the Food Distribution Unit (FDU) Commodity Newsletter for guidance when ordering commodities for the summer. Sponsors may scan and email or fax the USDA Donated Foods Agreement/Offer Notice to the FDU. Do not mail the original form. The email address and fax number are listed on the notice.

Due to the limited number of commodities, FDU will contact sponsors who order less than eight cases to make special delivery arrangements. If you have questions or need additional information, please contact a Food Distribution Representative at 573-751-4328. Please note that sponsors are required to pay FDU for delivery of the commodities.

Using National School Lunch Program (NSLP) Commodities in the Summer Food Service Program

Schools participating in the NSLP now operate under single inventory rules, meaning commodities are no longer distinguishable from purchased food items. Accordingly, during the SFSP, schools may use NSLP commodities. However, schools that use a Food Service Management Company (FSMC) to prepare meals cannot use the NSLP commodities separately from purchased food items in order to credit back the value of commodities to schools. Examples of FSMC's are Opaa! and Aramark.

**Feeding the
Community**

Procurement of Goods and Services

Sponsors participating in the Summer Food Service Program (SFSP) who plan to purchase meals or services from outside sources must follow proper procedures in purchasing these services.

All procurement of food, supplies, goods, and other services with program funds must comply with procurement standards in 7 CFR 225.17, 2 CFR 200.317-326, and Food and Nutrition Services (FNS) Instruction 796-4, Rev. 4. These standards ensure that such materials and services are obtained for the program efficiently and economically and in compliance with applicable laws and executive orders.

Important Terms

- **Bid** means an offer to perform for a fixed price in accordance with the specifications and conditions set forth in an invitation for bids.

Food Service Management Company (FSMC) Under the SFSP, an FSMC means any commercial enterprise or nonprofit organization with which a sponsor may contract for preparing unitized meals, with or without milk, for use in the Program, or for managing a sponsor's food service operations in accordance with the limitations set forth in SFSP regulations. Food service management companies may be: (a) Public agencies or entities; (b) private, nonprofit organizations; or (c) private, for-profit companies. (7 CFR 225.2).

- **Procurement** means the process of obtaining goods and/or services in accordance with applicable rules and regulations.
- **School Food Authority (SFA)** means the governing body that is responsible for the administration of one or more schools and has legal authority to operate the National School Lunch Program (NSLP) or School Breakfast Program (SBP) therein or be otherwise approved by FNS to operate the program.
- **Vendor** means a merchandiser of complete meals, meal components, or raw materials.

Methods of Procurement

- **Micro-purchases** are those purchases that do not exceed \$10,000 per transaction. These purchases can be awarded without soliciting competitive quotations if the price is reasonable based on research, experience, purchase history, or other information and the sponsor maintains related documentation on file. The sponsor should also equitably distribute purchases among qualified suppliers rather than buying all supplies from one source.

- **Small purchases** are those between \$10,000 and \$250,000 per transaction. These purchases can be made using informal methods, such as price or rate quotations for securing products or services. The methods used must ensure free and open competition. The sponsor must contact at least **three** reputable companies to obtain price quotations on the meals they plan to serve. This information must be documented. These bids must meet all federal regulations including not contracting with a company that poses a conflict of interest.

A bid packet that includes the competitive bid procedures and forms for meal service contracts \$250,000 or less is available at the following link:

<https://health.mo.gov/living/wellness/nutrition/foodprograms/sfsp/pdf/bid-packet-contracts-250-or-less.pdf>.

- **Large purchases or Competitive Sealed Bids:** When purchases are estimated to exceed the small purchase threshold of \$250,000, a sponsor must conduct a price analysis and follow a formal competitive sealed bid process. Bids are publicly solicited from **two or more** responsible bidders, and a bid opening evaluation must be completed by the Department of Health and Senior Services, Community Food and Nutrition Assistance (DHSS-CFNA). Competitive sealed bid procedures include preparing the invitation for bid, publicly announcing not less than 14 days before bids are opened, notifying the DHSS-CFNA of the time and place at least 14 days before bid opening, publicly opening all bids, and submitting a selected bid to the DHSS- CFNA before accepting the bid. These bids must meet all federal regulations, including not contracting with a company that poses a conflict of interest.

A bid packet that includes the competitive bid procedures and forms for meal service contracts greater than \$250,000 is available at the following link:

<https://health.mo.gov/living/wellness/nutrition/foodprograms/sfsp/pdf/bid-packet-contracts-greater-than-250.pdf>.

Training Requirements

Training is one of the sponsor's major administrative responsibilities. Sponsors are required to train all staff in Summer Food Service Program (SFSP) requirements each year, prior to operation of their program or any site. Training must be documented with a sign-in sheet of attendees and an agenda showing topics covered. Depending on the size of the organization, a sponsor may have to conduct different types or numbers of trainings. Trainings should be conducted and documented for administrative staff, monitoring staff, and site staff. If a sponsor is collecting an advance from the SFSP, submission of proof of training is required before a second advance will be paid.

Additionally, all staff must be trained in Civil Rights. Online Civil Rights training is available at: www.health.mo.gov/sfsp.

Available for your use in this Summer Food Service Program Manual is the *Documentation of Training to Program Personnel* form to document training of staff. A personnel training checklist is included on the back of the form. Be aware that all sites operated by the sponsor must have at least one trained staff person at every site, every day during the meal service. For this reason, it is best to train at least two individuals for each site, if not more, in case one is not available. Sites that operate without at least one trained staff person on site during the meal service will not be able to receive reimbursement for the meals served on that day.

SFSP sponsors must train all site supervisors!

An SFSP sponsor is required to train the site supervisors for all their sites. The site supervisor is the individual on site for the duration of the meal service, who has been trained by the sponsor, and is responsible for all administrative and management activities at the site, including, but not limited to: maintaining documentation of meal deliveries, ensuring that all meals served are safe, and maintaining accurate point of service meal counts.

Civil Rights Requirements

All participating sponsors must inform potential participants of the availability of the Summer Food Service Program (SFSP). In addition, all sponsors and their sites are required to:

- Annually, train all staff on the Civil Rights requirements for the SFSP. For your use and convenience, Civil Rights training is available online at www.health.mo.gov/sfsp.
- Display in a prominent place at the site and in the sponsor's office, the "And Justice For All" poster developed by the United States Department of Agriculture (USDA) and approved by the Food and Nutrition Service (FNS). Please contact our office for additional posters.
- Make program information available to the public upon request.
- Take reasonable steps to ensure meaningful access to services for limited English proficient persons by providing information in the frequently encountered, non-English language of individuals eligible to be served or likely to be affected by the program.
- Ensure that translations are accurate concerning the availability and nutritional benefits of the program.
- Make reasonable modifications in policies and procedures to ensure individuals with disabilities have equal access and effective communication when accessing the program.
- Include the nondiscrimination statement, and instructions for filing a complaint, in your public release and in any program information directed to parents of participants and potential participants.
 - Complaint procedures: All civil rights complaints, written or verbal, shall be accepted and forwarded either to the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) or directly to the USDA at the address provided in the nondiscrimination statement. Anonymous complaints should be handled as any other complaint. Civil rights complaints should include as many details as possible.
 - Right to File: Any person alleging discrimination in one of the protected classes has the right to file a complaint within 180 days of the alleged action.

- Ensure that meals are served to all attending children, regardless of their race, color, national origin, sex (including gender identity and sexual orientation), age, or disability.
- Ensure that all children have equal access to services and facilities at the site regardless of race, color, national origin, sex (including gender identity and sexual orientation), age, or disability.

Ethnic and Racial Data

Sponsors are required to collect ethnicity and race data once a year for the SFSP. Sponsors of residential camps must collect and maintain this information separately for each session of the camp. Visual observation and identification is not an allowable practice to use to collect the data. The preferred method is self-identification and self-reporting. SFSP sponsors should explain the importance of this data to participants as they encourage them to self-identify and self-report. SFSP sponsors may also obtain ethnicity and race data from other sources in which the respondent has self-identified ethnicity and race such as school databases. For sponsor ease, the Monitor Site Review Form has a section for the collection of the required ethnic and racial category data. This data can also be used to complete the Sponsor Information Sheet and Site Information Sheet(s) Ethnicity and Race Data sections.

Outreach and Beneficiary Data Survey

One method that a SFSP site may use to gather the required ethnic and racial data in which the participant or parent of the participant provides this data is by completion of the Outreach and Beneficiary Data Survey. Completion of the survey is voluntary. The data collected is used to improve outreach efforts and to ensure compliance with USDA nondiscrimination requirements. The completion of or lack of completion has no impact on program participation

<p>The completion of this survey is voluntary. The data collected is used to improve outreach efforts and to ensure compliance with USDA nondiscrimination requirements ONLY. Your participation is voluntary and failure to report will not impact eligibility for meals. Please complete one survey per child in attendance. Names are not needed; this is an anonymous survey.</p>

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

mail:
 U.S. Department of Agriculture
 Office of the Assistant Secretary for Civil Rights
 1400 Independence Avenue, SW
 Washington, D.C. 20250-9410; or
 fax: (833) 256-1665 or (202) 690-7442; or

MODULE 3: Meal Service and Meal Pattern Requirements

Sponsors participating in SFSP must provide meals that meet meal pattern requirements.

- Meal Service Requirements
- Four Components in Menu Planning
- Meal Pattern Requirements
- Food Chart
- Milk Purchase Requirements
- Meal Pattern Substitutions
- Medical Food Substitution Record
- Processed Food Documentation
- Offer Versus Serve (OVS)
- Serving Local Foods

Meal Service Requirements

Sponsors may serve one or two meals or snacks a day at meal service sites. Sponsors may choose which combination of meals they would like to serve; however, serving lunch and supper on the same day is not allowed.

<u>Allowable Meal Combinations</u>	
Breakfast Only	Lunch Only
Supper Only	Snack Only
Breakfast and Lunch	Breakfast and Snack
Breakfast and Supper	Lunch and Snack
Supper and Snack	Two Snacks

Meal services can be operated by different sponsors at the same site; however, the maximum number of meals allowed at a site must not be exceeded.

With the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) approval, camp or migrant site sponsors may serve up to three meals (including snacks) each day. Allowable meal combinations for camps or migrant site sponsors include:

- ❖ Breakfast, Lunch, and Supper.
- ❖ Breakfast, Lunch, and Snack.
- ❖ Lunch, Supper, and Snack.
- ❖ Any combination of meals or snacks that is less than the maximum number allowed.

In addition to serving meals that meet meal pattern requirements, sponsors must comply with the following rules when serving meals at each of their sites:

- The site must serve the same meal to all children.
- Children must eat all meals on site (7 CFR 225.6(i)(15)). A meal may be consumed off site only if the meal is served on a state agency approved field trip. Also, at the sponsor's discretion with a written policy, participating children may be allowed to take one fruit, vegetable, or grain item off site to eat later and still claim reimbursement for the meal. The food item taken off site must be from the child's own meal or left on a *share table by another child who did not want it. Note: Some rural sites may be approved for non-congregate meal service.
- Meals claimed as breakfast must be served at or close to the beginning of the day and cannot be served after a lunch or supper (7 CFR 225.16(c)(2)).
- All sites (except residential camps) require that a minimum of one hour must elapse between the end of one meal service and the beginning of another (7 CFR 225.16(c)(3)).

- Meals must have all required components to be reimbursable; refer to the Summer Food Service Program (SFSP) meal pattern chart for guidance.
- All children are served one meal before any second meals are served or any adult meals are served. The purpose of second meals is to reduce waste. In order to count as a reimbursable second meal, it must contain all required components.
- Sites must adhere to local sanitation codes and health department regulations.
- Outdoor sites must have alternate arrangements for inclement weather.
- Sites must serve meals on time. Meal service times must be approved, and any changes in meal times must be reported and approved online or by calling 888-435-1464 prior to implementing the change.
- Meals to vended sites may not be delivered sooner than one hour prior to the start of the meal service, unless the site has refrigeration or the means to maintain the required safe temperatures of the meal.
- For infant meals, sponsors must receive prior approval from the DHSS-CFNA to serve meals to infants (0 to 11 months of age). All meals served to infants must comply with the Child and Adult Care Food Program (CACFP) infant meal pattern requirements. If your site is going to serve infants, please contact the DHSS-CFNA for further guidance on the approval process.
- For meals for children age one to six, sponsors must receive prior approval from the DHSS-CFNA to adjust meal portion sizes for younger children. If adjustments are allowed, all meals served to younger children must comply with the age appropriate CACFP meal pattern requirements.

***Share Tables:** Sponsors may create a “sharing table” or stations where children may return whole items that they choose not to eat. Sponsors must check that “share tables” are in compliance with state and local health and safety codes first. Unopened, unused, whole food items left on a share table are then available to other children who may want additional helpings.

Four Components in Menu Planning

Summer Food Service Program nutritional guidelines help assure that children are provided healthy foods that meet their growing needs. The four components below are used to plan meals and snacks. Additional foods may be served to provide additional nutrients. Specific food information can be found in the United States Department of Agriculture’s Food Buying Guide for Child Nutrition Programs.

***Breakfast must contain the milk, grains/breads and vegetable/fruit components.**

***Lunch and Supper meals must contain all four components, including two different servings of vegetable/fruit.**

***Snacks must contain at least two different food components.**

<p style="text-align: center;">Meat/Meat Alternates</p> <p>Lean meat, poultry, fish, cheese, eggs, cooked dry beans or peas, nuts and seeds, nut and seed butters, alternate protein products, yogurt (creditable at lunch, supper and snack only).</p> <p>Specifics</p> <ul style="list-style-type: none"> • Required at lunch and supper as main dish. • Minimum creditable amount is ¼ oz. • Nuts/seeds can meet only ½ of meat requirement at meals, therefore another meat/meat alternate must be served; meets full requirement at snacks. • No more than two different meat items are creditable at one meal. • Lunch meat/cold cuts, including but not limited to hot dogs, polish sausage, little smokies, and sausage – <i>recommend to limit to no more than one time per week.</i> 	<p style="text-align: center;">Milk</p> <p>Pasteurized fluid milk, unflavored or flavored.</p> <p>Specifics</p> <ul style="list-style-type: none"> • Fluid milk is required for breakfast, lunch, and supper. Meal Pattern Requirements

It is important for the success of the Summer Food Service Program (SFSP) to serve nutritious meals that meet meal pattern requirements and that are appetizing to children. Careful menu planning is necessary to meet this goal. The meal pattern requirements assure well-balanced meals that supply the kinds and amounts of foods that children require to help meet their nutrient and energy needs. The meal pattern establishes the minimum portions of the various food components that must be served to each child in order for the participating sponsor to receive reimbursement for each meal (7 CFR 225.16(d)).

Breakfast

For a breakfast to be a reimbursable meal, it must contain:

- One serving (eight ounces or ½ pint) of milk. It may be fat-free (skim), low-fat, or whole.
- One serving of a vegetable, fruit, or full strength juice.
- One serving of grain or bread.
- A meat or meat alternate may also be served, but is optional.

Lunch and Supper

For a lunch or supper to be considered a reimbursable meal, it must contain:

- One serving (eight ounces or ½ pint) of milk. It may be fat-free (skim), low-fat, or whole.
- Two or more servings of vegetables and/or fruits, or 100% juice.
- One serving of a grain or bread.
- One serving of meat or meat alternate.

Snack

For a snack to be a reimbursable meal, it must contain two of the four components listed below:

- One serving (eight ounces or ½ pint) of milk. It may be fat-free (skim), low-fat, or whole.
- One or more servings of vegetables and/or fruits, or 100% juice*.
- One serving of a grain or bread.
- One serving of meat or meat alternate.

*Juice may not be served when milk is served as the only other component of a snack.

For more information, please refer to the SFSP Meal Pattern Requirements and information on creditable meal components, in the SFSP Nutrition Guidance for Sponsors:

Food Chart – Summer Food Service Program

Breakfast	Fluid Milk	1 cup (8 fluid ounces) ¹
	Vegetable or Fruit or Juice	½ cup
	Bread, or	1 slice
	Cold Dry Cereal, or	¾ cup or 1 ounce ²
	Cornbread, Biscuits, Rolls, Muffins, etc., or	1 serving
	Cooked Cereal or Cereal Grains	½ cup
	Pasta, Cooked Noodles	½ cup
Lunch or Supper	Fluid Milk	1 cup (8 fluid ounces) ³
	Meat, Poultry, Fish, Cheese, or	2 ounces
	Egg, or	1 large egg
	Cooked Dry Beans, Peas, or	½ cup
	Peanut Butter or other Nut Butters, or	4 tablespoons
	Peanuts, Soy Nuts, Tree Nuts, or	1 ounce = 50% ⁴
	Yogurt, plain or sweetened, flavored	8 ounces or 1 cup
	Vegetables and/or Fruits (must serve at least two different varieties)	¾ cup total ⁵
	Grain/Breads	1 serving/1 slice
Snack ⁶	Fluid Milk	1 cup (8 fluid ounces) ¹
	Vegetable or Fruit or Juice	¾ cup
	Meat or Meat Alternate	1 ounce
	Grain/Bread	1 serving

1. Serve as a beverage, or on cereal, or use part of it for each purpose.

2. Either volume (cup) or weight (ounces), whichever is less.

3. Must be served as a beverage.

4. No more than 50% of the requirement can be met with nuts or seeds. Nuts or seeds must be combined with another meat/meat alternate to fulfill the requirement.

5. Serve two or more kinds. Full-strength juice may be counted to meet not more than one-half of this requirement.

6. Serve two food items. Each food item must be from a different food component. Juice may not be served when milk is served as the only other component.

Note: All grain/bread items must be enriched or whole grain, made from enriched or whole grain meal or flour, or if it is a cereal, the product must be whole grain, enriched, or fortified. Bran and germ are credited the same as enriched or whole grain meal or flour.

This institution is an equal opportunity provider.

Milk Purchase Requirement

Fluid milk is a required meal component at all breakfast, lunch, and supper meals. Milk purchase requirements are based on the sponsor's monthly claim for reimbursement for these meals. Use the following information in order to adequately purchase enough milk to meet the meal pattern requirements for the number of meals you serve:

Common Milk Measurements

Required Serving Size per Meal	Container Size	Number of Servings per Container
8 ounces (oz.)	Half pint (8 oz.)	1
8 ounces (oz.)	Gallon jug	16

If you are serving half pint (eight oz.) containers, you must purchase enough half pints to cover serving *at least* one per meal. If you are purchasing gallon jugs of milk and are pouring eight oz. (required) cups of milk to serve with meals, then you must purchase *at least* 1 gallon of milk for every 16 meals you serve.

For example: If your claim for reimbursement is a total of 1,527 breakfasts and lunches, then your required milk purchase is as follows:

For gallons:

1. $1,527 \times 8 \text{ ounces} = 12,216 \text{ ounces of milk needed total.}$
2. There are 128 ounces of milk per gallon.
3. $12,216 \text{ divided by } 128 = 95.4 \text{ gallons of milk needed.}$

For half pints:

$$1,527(\text{meals claimed}) = 1,527 \text{ half pints (8 oz.)}$$

Using this example, you would be required to have purchased either 95½ gallons or 1,527 half pints of milk to meet minimum meal pattern requirements for your claim. You must provide proof of purchase of enough milk at the time of a review. If inadequate milk is purchased for the number of meals claimed, disallowances may be made by the Department of Health and Senior Services-Community Food and Nutrition Assistance.

Meal Pattern Substitutions

In order to claim a meal for reimbursement, all required food components must be served in at least the minimum serving size required per age group(s). Exceptions to this requirement occur under the following circumstances:

Substitution for a Documented “Disability” (42 U.S. Code Sec. 12102)

Meal pattern substitutions (accommodations) must be made when a condition recognized as a “disability” is documented by a recognized medical authority. A participant with a “disability” is any person who has a physical or mental impairment which substantially limits one or more “major life activities,” has a record of such impairment, or is regarded as having such an impairment. For purposes of identifying individuals with disabilities, the list of “major life activities” has expanded to include a category called “**major bodily functions.**”

Meal sites participating in the Summer Food Service Program (SFSP) are required to make substitutions or modifications to the meal pattern for a participant with a disability that restricts his/her diet. Substitutions must be made on a case-by-case basis and only when supported by a written statement signed by a recognized medical authority (licensed physician, physician’s assistant, or nurse practitioner) which explains the need for substitutions and includes recommended alternate foods. The medical statement must be kept on file and include:

- A description of the participant’s physical or mental impairment that is sufficient to allow the program operator to understand how it restricts the participant’s diet.
- An explanation of what must be done to accommodate the child’s disability.
- The food or foods to be omitted from the participant’s diet.
- The appropriate food substitutions.

NOTE: Reimbursement for meals served with documented food substitutions are claimed at the same reimbursement rate as meals which meet the meal pattern. The site may not charge for the substituted food item – substitutions that exceed program reimbursement are at the sponsor’s expense.

Substitution for Medical or Special Dietary Reasons – Not a Disability

Substitutions may be made on a case-by-case basis (at the discretion of the sponsor) for a participant who is unable to consume a **food item** because of a medical or other special dietary need but who is not disabled. Meal pattern substitutions or modifications for foods may be honored only when a written statement signed by a recognized medical authority (licensed physician, physician’s assistant, or nurse practitioner) is available. The written statement must contain the information detailed above.

Fluid Milk (Non-Dairy) Substitutions

Schools participating in the SFSP and following the National School Lunch Program meal patterns may offer non-dairy milk substitutes to children who cannot consume fluid milk due to a medical or special dietary need that does not rise to the level of a disability. Schools must receive a written request from a recognized medical authority or a parent or guardian that identifies the child’s medical or dietary reason for needing a milk substitute (7CFR 210.10(m)(2)). In addition, in order for the meal to be reimbursable, non-dairy beverages served in lieu of fluid milk must be nutritionally equivalent to milk and provide specific levels of calcium, protein, vitamins A and D, magnesium, phosphorus, potassium, riboflavin, and vitamin

B-12 (7 CFR 210.10(d)(3)). Schools that decide to not offer milk substitutions for children with medical or special dietary needs must communicate this decision to all households.

Sponsors following the SFSP meal pattern may only serve non-dairy beverages in place of fluid milk when supported by a medical statement from a licensed health care professional.

Acceptable fluid milk substitutes must contain the following nutrients in the quantities specified in order to be considered nutritionally equivalent to fluid cow's milk:

Fluid Milk Substitute - Minimum Nutrient Requirements

Nutrient	Per one (1) cup (8 ounces)
Calcium	276 mg.
Protein	8 gm.
Vitamin A	500 IU.
Vitamin D	100 IU.
Magnesium	24 mg.
Phosphorus	222 mg.
Potassium	349 mg.
Riboflavin	0.44 mg.
Vitamin B-12	1.1 mcg.

Non-Dairy Beverages meeting USDA Substitution criteria per eight fluid ounces include:

- **8th Continent:** Original Soymilk and Light Chocolate Soymilk
- **Pacific Natura:** All Natural Ultra Soymilk: Plain and Vanilla
- **Kikkoman:** Pearl Organic Soymilk: Creamy Vanilla and Chocolate
- **Wal-Mart Great Value:** Original Soymilk
- **Sunrich Naturals:** Original and Vanilla
- **Silk:** Original Soymilk
- **Ripple:** Original, Vanilla, and Chocolate plant-based milk

Note: The Missouri Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) does not endorse the companies or products listed. This list is not all-inclusive. Read the nutrition facts panel or contact the manufacturer to ensure that product formulations are current.

Processed Food Documentation

Some Summer Food Service Program (SFSP) meal sites choose to purchase commercially processed meat/meat alternate (m/ma) products rather than prepare these main dish items on site, commonly referred to as “homemade” or “cooked from scratch”.

The United States Department of Agriculture (USDA) released two policy memos on March 11, 2015 (SFSP 12-2015 and SFSP 13-2015), detailing two types of acceptable documentation approved to verify meal pattern compliance: **Child Nutrition (CN) label OR a manufacturer’s Product Formulation Statement (PFS).**

Type #1 CN label:

The Child Nutrition Labeling Program is administered by the United States Department of Agriculture, Food and Nutrition Service (USDA, FNS) in cooperation with the following agencies: Agriculture Marketing Service (AMS), Food Safety and Inspection Service, and National Marine Fisheries Service. Main dish products which contribute to the meat/meat alternates component of the meal pattern requirements are eligible for a CN label. Examples of these products include beef patties, cheese or meat pizzas, meat or cheese and bean burritos, egg rolls, and breaded fish portions.

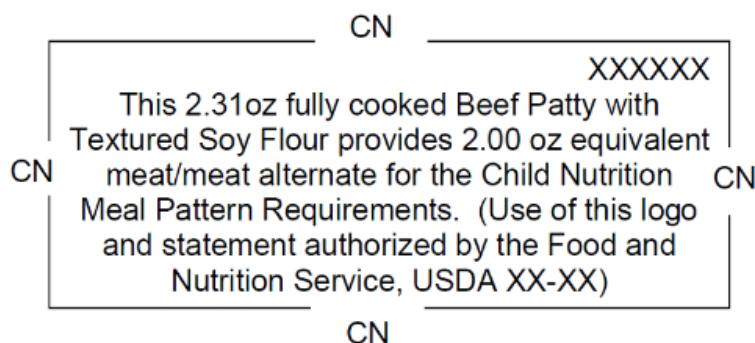

Advantages of using a CN labeled product include:

- A CN label statement clearly identifies the contribution of a product toward the meal pattern requirements. It protects Child Nutrition program operators from exaggerated claims about a product.
- A CN label provides a warranty against audit claims, if the CN labeled product is used according to the manufacturer’s directions.
- CN labels simplify cost comparisons of like products.

CN label product will always contain:

- The CN logo, which has a distinct border;
- The meal pattern contribution statement;
- A unique 6 digit product identification number assigned by USDA/FNS appearing in the upper right hand corner of the CN label
- The USDA/FNS authorization statement;
- The month and year of the final approval.
- Plus the remaining required label features: product name, inspection legend, ingredient statement, signature/address line, and net weight.

A sample CN logo:

Note: The X's in the sample CN Logo are only used to demonstrate the placement of the CN identification number and the final date. If you receive a CN labeled product containing all X's (all zeroes, or non-number symbols) for the CN identification number, the label is not valid. If a CN label is not valid, FNS cannot provide a warranty for its use toward meal pattern requirements.

The CN label is the gold standard for verifying the crediting of menu items and provides a warranty against audit claims when the product is used according to the manufacturer's instructions.

Acceptable and valid documentation for the CN label includes (SFSP 12-2015 and SFSP 13-2015):

- The original CN label removed from the product carton.
- A photocopy of the CN label shown attached to the original product carton.
- A photograph of the CN label shown attached to the original product carton.
- CN labels that are photocopied or photographed must be visible and legible.

If none of the required documentation is available, program operators may provide the bill of lading or invoice containing the product name and a hard or electronic copy of the CN label with a watermark displaying the product name and CN number provided by the vendor. A CN label with a watermark is used when the CN logo and contribution statement are used on product information other than the actual product carton and is presented as a separate document. Manufacturers may provide schools (not common for non-school SFSP providers) with a CN label with a watermark during the bidding process. Original CN labels on product cartons will not have a watermark.

Type #2 Product Formulation Statement (PFS):

The PFS should only be requested when reviewing a processed product without a CN label. PFSs are written and provided by individual manufacturers and are not commonly seen with SFSP sponsors. *It is the sponsor's responsibility to request and verify that the processed food documentation is accurate prior to purchasing processed products.* PFS templates for each meal component are available on USDA's CN labeling website.

Manufacturers may use PFS templates as a guide to help develop a PFS. However, they are not required to use the same format as the USDA's template, but they must present the same information on their company letterhead. It should be noted that a PFS does not provide any warranty against audit claims. Unlike CN labels, a PFS that claims a meal pattern contribution is not a guarantee of USDA meal pattern compliance and can be disputed during an SFSP monitoring review.

The answer to each of the following questions should be yes:

- Is the PFS on signed company letterhead? The signature can be handwritten, stamped, or electronic.
- Does the PFS include product name, product code number, and a serving/portion size?
- Do the creditable ingredients listed on the PFS match or have similar description to the ingredients listed on the product label? For example, if the PFS lists ground beef, not more than 20% fat, the product label should also list ground beef, not more than 20% fat.
- Do the creditable ingredients listed on the PFS match or have a similar description to a food item listed in the USDA Food Buying Guide for Child Nutrition Programs?

- If the product is a meat/meat alternate, does it contain an Alternate Protein Product (APP) such as soy concentrate? If yes, does the manufacturer provide supporting documentation that meets USDA APP requirements?
- Does the PFS demonstrate how creditable ingredients contribute toward the meal pattern requirements?
- Are the manufacturer's calculations correct and verified?

The PFS should include:

- Weight of raw portion; percent of raw meat or poultry; percent of fat of raw meat.
- Weight of an APP, if applicable; percent of an APP on an as-is basis for the as-purchased product; certification that an APP meets the USDA, FNS requirements.
- Product's total creditable amount of product per portion towards the meal pattern.
- Certification statement that the PFS is an accurate verification of meal pattern compliance.
- Original signature and title of company official and date.

Helpful Resources:

USDA's CN Labeling Website includes general background of the CN Labeling Program and provides helpful information for food manufacturers and child nutrition programs. It can be accessed at <https://www.fns.usda.gov/cnlabeling/child-nutrition-cn-labeling-program> or from the **USDA Food Buying Guide for Child Nutrition Programs- Appendix C.**

The CN Label Verification Reporting System can also be accessed from the link and from Appendix C. The system was developed to assist state reviewers, program operators, and the food industry in verifying the status of a CN label and the validity of a CN label. The system produces two reports monthly:

- CN Label Verification Report includes all information pertaining to the valid CN label, which includes the crediting information (meal pattern contribution statement), label expiration date, and the manufacturer's establishment number.
- CN Label Manufacturers Report includes contact information for manufacturers that are authorized to produce CN labeled products. This report allows users to link the manufacturer's list from the CN Label Verification Report.

Product Formulation Statement (PFS) – Approved Example:

XYZ Burrito Factory (Manufacturer's Letterhead)

Effective Date: August 23, 2021 Product No. 9999

Total weight of precooked product: 4.00oz.

Total of raw meat: 0.650 oz.

Percent of fat of raw meat: Not to exceed 30%

Weight of dry Volume per Portion (VPP): 0.094 oz.

Weight of liquid used to hydrate APP: 0.176 oz.

Percent of Protein in dry APP: 52%

Weight of raw meat and hydrated APP: 0.920

Type of APP used: XX Flour: _____ Isolate: _____

Weight of other ingredients: 1.005 oz.

Weight of pinto beans: 0.325 oz. Factored Wt. 0.503

Weight of cheese: none

Weight of cooked meat with APP: 0.64 oz.

Total weight of filling: 2.25 oz.

Total weight of enriched flour tortilla: 1.75 oz. 1.59 serving

I certify the above information is true and correct and that the product (ready for serving) contributes 1.14 ounces of equivalent meat/meat alternative toward the meal pattern when prepared according to direction. I understand that the above named product will be used as a meal component for which Federal reimbursement will be claimed, and that records are available to support the information indicated above. The APP used conforms to Food and Nutrition Service regulations. This product formulation will supersede all previously issued sheets.

SUGGESTED BID SPECIFICATIONS: _____ cases – Red Chili Beef, Bean and Chicken Burrito, 4.00 oz. Each, unfried, packed 3/24 count. Must meet 1.00 ounces of meat/meat/alternate and 1.50 bread servings.

Offer Versus Serve Meal Service

Allowed for School Sponsors Only!

School sponsors may utilize the Offer Versus Serve (OVS) meal option. Per Summer Food Service Program (SFSP) regulations, **only** school sponsors may utilize the OVS option (7 CFR 225.16(f)(1)(ii)).

OVS is an approach to menu planning and meal service that helps school sponsors reduce food waste and costs, while maintaining the nutritional value of the meal. When utilizing OVS, the school SFSP sponsor offers all of the components of the meal pattern, but the child is not required to take all of them. Children can choose the food they intend to eat and can decline some of the food offered at the SFSP breakfast, lunch, or supper meals. OVS cannot be used with snack services.

School sponsors may request to use either the National School Lunch Program (NSLP) and the School Breakfast Program (SBP) meal pattern requirements or the SFSP meal pattern requirements. School sponsors that choose to use the NSLP or the SBP meal patterns must follow the meal pattern regulations governing those programs (7 CFR 210 and 220). It is important to note that OVS requirements differ between NSLP/SBP and SFSP.

If a school sponsor is following the SFSP meal pattern and using OVS, they are required to follow the SFSP-OVS meal pattern requirements. If a school sponsor is following the NSLP or SBP and using OVS, they must follow the OVS requirements of those programs.

SFSP-OVS Requirements:

- ✓ **School sponsors must receive prior approval from the Department of Health and Senior Services (DHSS) to implement OVS.** Sponsors may not appeal the denial of an OVS request; however, they may submit another request the next operating year.
- ✓ Non-school sponsors may not utilize OVS.
- ✓ All required food and food components, in the required serving size, must be offered.

Breakfast

The meal pattern for breakfast consists of three food components:

- One serving of vegetable/fruit.
- One serving of grain/bread.
- One serving of fluid milk.

However, for OVS, four different **food items** must be offered.

- A child must take three of the four food items and by turn, may only decline one food item.
- The fourth food item can be a vegetable/fruit, grain/bread, or meat/meat alternate.
- All of the food items must be different from each other. For example, two slices of toast would not qualify as two different items.
- All of the components must meet the minimum required serving amounts.

Lunch and Supper

The meal pattern for lunch and supper consist of four food components:

- One serving of meat/meat alternate.
- Two different items of vegetable/fruit.
- One serving of grain/bread.
- One serving of fluid milk.

For OVS at lunch and supper:

- All of the components must meet the minimum required serving amounts for at least five food items.
- All of the food items must be different from each other.
- A child must take at least three different food **components**.

If a site runs out of a food component, all meals after that point must be disallowed if the site is unable to offer children a complete reimbursable meal.

Combination Foods in OVS

A combination food contains more than one food item from different food components that cannot be separated. Pizza is an example. Combination foods, served as an entrée or main dish, may be credited as the meat/meat alternate plus a maximum of two of the required meal components, if amounts of each are sufficient to meet the meal pattern requirements.

- Combination foods may **not** be declined for breakfast because a child may only decline one of the three required items.
- Combination foods containing more than two food components may not be declined during lunch or supper because a child may only decline two food items.

Serving Local Foods

Local foods can play an important role in creating and promoting a healthy environment for children. A growing body of research demonstrates several positive impacts of serving local foods and providing food education through Child Nutrition Programs like the Summer Food Service Program (SFSP). These positive impacts include increased participation and engagement in meal programs, consumption of healthier options, and support of local economies. There is also a well-established public interest in supporting local and regional food systems, and a growing interest in aligning local food sources with summer meal programs.

Serving local foods can improve meal quality and appeal, encourage kids and teens to develop healthy eating habits, and educate them about where their food comes from. Summer is often a time of agricultural abundance which can reduce food costs. Purchasing local foods can support regional economic development, while also providing wholesome products to kids. Sponsors can purchase local foods directly from farmers, through distributors or Food Service Management Companies, from food hubs, farmers' markets, Community Supported Agricultures (CSAs), and school or community gardens. For more information on finding, buying, and serving local foods, please visit the United States Department of Agriculture's Farm to Summer website: <https://www.fns.usda.gov/farmtoschool/farm-summer>.

Farm to Summer encompasses a variety of efforts that might include:

- Serving locally sourced foods in summer meals.
- Choosing "edible" meal sites, like farmers' markets, or school or community gardens.
- Organizing gardening activities; contact garden-based organizations in your area or seek out Master Gardeners to provide free gardening lessons around meal times.
- Taste testing with locally-produced foods.
- Celebrating local foods in kick-offs or other special events.
- Hosting cooking demonstrations with local foods, or sharing recipe cards.
- Taking field trips to farmers' markets or farms.

Instructions for Completing Daily Meal Count for Congregate Meals

- **Name of Site:** Enter the name of the approved SFSP site.
- **Site Supervisor:** Print or type the site supervisor's first and last name.
- **Date:** Enter the complete date (mm/dd/yy) for which the meal count is being completed.
- **Mark Delivered or Prepared on site.**
- **Meal:** Mark the meal for which the count is being completed.
- **Meal Service Time:** Enter the time the meal service begins and ends.
- **Delivery Time:** Enter the time the meals arrived at the site.
- **Number of Meals Delivered:** Enter the number of meals delivered.
- **Delivery Temperature:** Take the meal and milk temperatures and record the temperatures in the space provided.
- **Number of leftover meals from previous day served at this meal service.** Enter the number of leftover meals served.
- **First Meals Served to Children:** As meals are served to children (i.e., at the point of service), put a slash mark through each consecutive number. Only count complete meals (containing all required components) served to children.
- **Complete Second Meals Served to Children:** After all children have been served a first meal, put a slash mark through each consecutive number for any second meals served to children. Only count second meals that are complete (contain all required components).
- **Meals Served to Program Adults:** After all children have been served a first meal, put slash marks, as meals are served, through the number of complete program adult meals served (these meals must meet all SFSP meal pattern requirements). Program adults are those adults who are involved in cooking and serving the meal and/or supervising children during the meal service.
- **Meals Served to Non-Program Adults:** After all children have been served a first meal, put slash marks, as meals are served, through the number of non-program adults meals served. Non-program adults are those adults, paying or not, who are not directly involved in the meal service. This includes, but is not limited to, teachers or other school faculty or staff seated at a separate table from children, parents and other guests.
- **Total Meals Served:** Add Total First Meals Served to Children, Total Second Meals Served to Children, and enter the total here.
- **Total Leftover Meals:** Enter the number of meals leftover after the meal service.
- **Total Damaged Meals:** Enter the number of meals that were damaged and therefore not served (generally applies only to sites that have meals delivered or to sites serving packaged or unitized meals).
- Total Meals Served + Total Leftover Meals + Total Damaged Meals should be equal to Number of Meals Delivered.
- **Income from Adult Meals:** Record the amount of money received from paying adults, if applicable.
- **Site Supervisor's Signature and Date:** Once the form is complete, the site supervisor must sign and date the form. The site supervisor is responsible for verifying that the meal counts have been recorded accurately. The meal count form will not be considered valid without the site supervisor's signature and date.

Instructions for Completing Daily Meal Count for Non-Congregate Meals

- **Name of Site:** Enter the name of the approved SFSP site.
- **Site Supervisor:** Print or type the site supervisor's first and last name.
- **Date:** Enter the date of the distribution of the meals.
- **Date Range of Meals Provided:** Enter the date range of the meals provided.
- **Mode of Non-Congregate Meal Distribution:** Mark all that apply.
- **Non-Congregate Meals Provided:** Mark the meal(s) for which the count is being completed.
- **For Multi-Day Issuance, Number of Days Issued:** If you are issuing meals/snacks for multiple days, enter the number of days.
- **Mark Prepared by FSMCS/central kitchen or Prepared on Site.**
- **FSMC/Central Delivery Time:** Enter the time the meals arrived at the site.
- **Number of Meals Delivered:** Enter the number of meals delivered by FSMC/central kitchen.
- **Delivery Temperature:** Take the meal and milk temperatures and record the temperatures in the space provided.
- **Number of leftover meals from previous day served at this meal service.** Enter the number of leftover meals served.
- **Non-Congregate Meals Served to Children:** As non-congregate meals are distributed to the child(ren) or their parent/guardian (i.e., at the point of distribution), put a slash mark through each consecutive number. Only count complete meals (containing all required components).
- **Individual Meals Served to Program Adults:** After all of the non-congregate meals have been distributed, the program adults may be served an individual meal for the day of distribution. Put slash marks, as meals are served, through the number of complete program adult meals served (these meals must meet all SFSP meal pattern requirements). Program adults are those adults who are involved in cooking and distributing the meals and/or supervising the meal distribution. These meals are non-reimbursable, but SFSP funds may be used to cover the cost of these meals.
- **Non-Congregate Meals Served to Non-Program Adults:** Sponsors may choose to provide non-congregate meals to non-program adults, but these are not reimbursable, and the SFSP funds may not be used to cover the cost of these meals. Sponsors may choose to charge for these meals or use separate funds to cover the cost of these meals. Documentation of the funds used for these non-program adult meals must be kept on file.
- **Total Meals Served:** Add Total Non-Congregate Meals Served to Children + Total Individual Meals Served to Program Adults + Total Non-Congregate Meals Served to Non-Program Adults, and enter total here.
- **Total Leftover Meals:** Enter the number of meals leftover after the meal service.
- **Total Damaged Meals:** Enter the number of meals that were damaged and therefore not served (generally applies only to sites that have meals delivered or to sites serving packaged or unitized meals).
- Total Meals Served + Total Leftover Meals + Total Damaged Meals should be equal to Number of Meals Delivered.
- **Income from Adult Meals:** Record the amount of money received from paying adults, if applicable.
- **Site Supervisor's Signature and Date:** Once the form is complete, the site supervisor must sign and date the form. The site supervisor is responsible for verifying that the meal counts have been recorded accurately. The meal count form will not be considered valid without the site supervisor's signature and date.

INSTRUCTIONS FOR COMPLETING THE MEAL COUNT RECORD FOR CAMPS

Enter the sponsor name, site name, and supervisor.

- Enter the date.
- List all of the children enrolled in the camp program in the Participant's Name column (preferably in alphabetical order). All children should be listed, including those who do not qualify for free meals, so that there is no overt identification of the children who do qualify for free meals.
- For each meal served, place a check mark under the appropriate meal type for each child. If a child is not served a particular meal, the box should be left blank.
- Enter the total number of meals served to eligible children. This number will be the sum of the check marks under each meal type each day for the children who qualify for free meals.
- Enter the total number of program adult meals served and the total number of non-program adult meals served at each meal service.
- Enter the total number of meals served to non-eligible children (those who do not qualify for free meals).
- Add the total number of meals served. This includes meals served to eligible children, meals served to program adults, nonprogram adults, and non-eligible children.

Note: The meal count record for camps must be completed at the time of the meal service. Sponsor personnel must physically count the children eating at each meal.

Instructions for Completing the Site Meal Count Consolidation

This is an optional form. It should be used to consolidate the meal counts for each site, one form per site. The totals from each site's worksheet should be added to get the sponsor's monthly claim totals. If the sponsor has only one site, this form may be used in lieu of the Monthly Consolidation Form.

This form is available at: <https://health.mo.gov/living/wellness/nutrition/foodprograms/sfsp/forms.php>.

Sponsor Name: Enter the sponsoring organization's name.

Site Name: Enter the name of the site for which meal counts are being recorded

Month/Year: Enter the name of the month and year for which meal counts are being recorded.

Date: For each calendar date, enter the number of breakfasts, lunches, suppers and/or snacks served as first meals to children and second meals to children. Do not enter meals on dates the site wasn't open (such as Saturdays, Sundays, and holidays), and do not enter numbers for meals that weren't approved and served (e.g., if the site is approved to serve breakfasts and lunches, do not record meals under suppers and snacks).

Site Totals: Enter the totals for each column; if using the spreadsheet, totals will calculate.

Multiple Site Totals: When one form is complete for each site, use the space below to add the Site Total for Child 1st Meals for Breakfast from each site's form, to get the total breakfast first meals served to children for the month. Add each additional column in the same manner for each site, to get all other totals for the monthly consolidation form and claim for reimbursement.

Non-Reimbursable Meals

When counting and consolidating meals, please be advised that the following meals are not eligible or allowed for reimbursement:

Meals Served at Unapproved Sites/Times

- Meals served outside of approved timeframes or approved dates of operation.
- Meals served at sites not approved by the state agency.
- Meals consumed off site without prior approval. Sponsors must notify the Department of Health and Senior Services-Community Food and Nutrition Assistance 24 hours in advance and get approval of all field trips.
- Meals consumed off site under the Demonstration Project for Non-Congregate Feeding for Outdoor Summer Meal Sites where the site has not been preapproved by application, and where a heat advisory, watch, or warning has not been issued for the site in question.

Meal Service Issues

- Meals that do not meet meal pattern requirements.
- Meals not served as a complete unit (except in approved “offer versus serve” sites where complete meals must be offered to participants).
- Meal patterns or types not approved by the state agency.
- More than one meal served to a child at a time (this is not referencing second meals served after all children have been served a first meal).
- Meals that are spoiled or damaged.

Incorrect Claiming Procedures

- Meals that were served to adults. Do not claim meals served to program or non-program adults.
- Meals that were not served to children (leftover meals).
- Second meals claimed in excess of 2% of the total of first meals served in a claim period. All second meals served should be shown on the claim for reimbursement. However, reimbursement for second meals will be limited to only 2% of first meals served, or actual second meals served, whichever is less.
- Meals served to ineligible children in camps (those not meeting the income eligibility guidelines for free or reduced-price school meals).
- Meals in excess of the sites’ approved level of meal service (capacity for vended sponsors).
- Meals that were not served.
- Meals served to anyone other than eligible children.

Production Records

Self-preparation Sites and Central Kitchen Operations

Although not required at self-preparation sites or central kitchen operations, production records can be a valuable management and planning tool.

Vended Sites

Food production records are required for vended sites. The minimum requirements for production records are:

- List all food items used. Do not include condiments or seasonings.
- List the serving size for each item served.
- List the total amount of food prepared in specific quantities, such as in pan sizes, pounds, package sizes, can sizes, and weights.
- Maintain production records for all meals and snacks served.
- List the total number of meals served to:
 - ✓ Eligible children.
 - ✓ Program adults.
 - ✓ Non-program adults.
 - ✓ Ineligible children.

A Daily Vended Meal Receiving Log and a Vended Meal Communication and Credit Log are included in this manual for sponsors to document the date and time food was received at the site, food temperatures, and any problems with the foods received. These forms are also available on the SFSP website.

Food Buying Guide for Child Nutrition Programs

The United States Department of Agriculture's **Food Buying Guide for Child Nutrition Programs**, can help you determine the amount of food to purchase based on the number of servings needed and is available under Manuals on the Summer Food Service Program website:

Nonprofit Food Service

Sponsors must maintain a nonprofit food service program as required in 7 CFR 225.6(i) and must be able to account for the receipt, obligation, and expenditure of all Summer Food Service Program (SFSP) funds. Sponsors must ensure that all SFSP reimbursements are being used solely for conducting nonprofit food service operations. In order to do this, the following items are required:

- Sponsors must maintain documentation of all revenues received and expenses paid from the nonprofit account.
- All costs charged to the account must be allowable and properly identified and recorded. The Program Cost Report form is provided on the next page to document programs costs. It is also available on the SFSP website.
- When reimbursements exceed costs, the funds must still be spent on allowable SFSP costs. Examples of allowable uses, in order of priority, include:
 - Improving the meal service or other aspects of the current SFSP.
 - Keeping the excess funds for next year's SFSP operations.
 - Paying for allowable costs of other Child Nutrition Programs.
- Donations received by an SFSP site must be documented and comply with program regulations and those regulations governing the distribution of donated foods in the SFSP (7 CFR 250.61). The Donated Food Log is included in this manual and on the SFSP website.

Allowable Costs and Needed Documentation

Operating costs are allowable costs incurred by the sponsor for preparing and serving meals to eligible children and program adults. These costs include, but are not limited to, cost of food used, labor, nonfood supplies, and space for the food service. Rural sites may include costs that are directly incurred in transporting children from rural homes to rural food service sites. All costs must be fully documented and they must represent actual program costs.

ADMINISTRATIVE COSTS	
COST	DOCUMENTATION
LABOR Completing the sponsor application Attending sponsor training Conducting pre-operational and 2 nd week visits Conducting site reviews Reviewing family size and income forms or school applications (enrolled sites and camps) Consolidating meal counts for more than one site Paying food program bills Payroll activity of summer food staff Clerical activity Completing claims for reimbursement Your time working with USDA when they conduct a review and time spent responding to the review	LABOR Time sheets showing name of person, activity, and amount of time spent
OFFICE COSTS Telephone Postage Printing Rent (if special Summer Office is needed and special space is rented) Utilities used for administrative staff	OFFICE COSTS Bills or Receipts Canceled checks Documented method of proration if cost needs to be shared with other programs Rental Agreement

Unallowable Costs

Costs for which program funds may not be used include, but are not limited to:

- Bad debts - which are any losses arising from non-collectible accounts and other claims and related costs.
- Repayment of overclaim and other federal debts.
- Contributions and donations including contingency reserves, the United States Department of Agriculture (USDA) donated commodities and other donated food, labor, and supplies.
- Fines or penalties resulting from violations of, or failure to comply with federal, state or local laws and regulations.
- Entertainment and fundraising costs.
- Interest on loans, bond discounts, costs of financing and refinancing operations, and legal and professional fees paid in connection therewith.
- Costs resulting from an under-recovery of costs under other grant agreements.
- Direct capital expenditures or option to purchase rental costs for: acquisition of land or any interest in land; acquisition or construction of buildings or facilities, or the alteration of existing buildings or facilities; non-expendable equipment of any kind; repairs that materially increase the value or useful life of buildings, facilities, or non expendable equipment; and other capital assets, including vehicles.
- Rental cost for periods beyond the close-out date for program operation.
- Costs for excess meals, i.e., meals in excess of legitimate program adult meals and reimbursable meals.
- Any other costs incurred that program officials determine to be in violation of applicable laws or regulations.
- Expenditures for non-creditable foods that are not part of the meal pattern. Sites wishing to serve additional foods that do not meet the Summer Food Service Program (SFSP) meal pattern standards must use non-program funds. If a site chooses to purchase additional food with SFSP funds, the food must be a creditable food under the meal pattern requirements (condiments served with creditable foods are exempt from this restriction). SFSP 06-2012.
- The cost to purchase food (including coffee, etc.) for use outside of the SFSP.
- The cost of meals served in violation of program requirements; e.g. meals served outside approved serving time, meals or components consumed off site, second meals served in excess of the two percent tolerance.
- For vended sponsors, the cost of meals delivered by a Food Service Management Company to a non-approved site, or for meals not delivered within the agreed upon delivery time, meals served in excess of the approved capacity, spoiled or unwholesome meals, or meals that do not meet requirements or quality standards.

For more information towards allowable use of program funds see the USDA Policy Memo SFSP 06-2012, "Serving Additional Foods in the Summer Food Service Program."

Network User Access and Claims

- Claims are submitted online. Sponsors must have a Summer Food Service Program (SFSP) user ID and password to enter a claim.
- New users must complete a Network User Access Request available at: <http://health.mo.gov/sfsp>.
- Send completed form to Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA).
- Only two user IDs and passwords are allowed per sponsor. Additional access will be considered on a case by case basis.
- Notify DHSS-CFNA immediately if a user needs to be changed or deleted from the system.
- Online Application Instructions and Online Claiming Instructions are available at: <http://health.mo.gov/sfsp>.
- To access the web-based system, go to <http://health.mo.gov/sfsp> and click on Web Log In Screen.
- Claims will not be paid if submitted more than 60 days after the last day of the claim period.

Time as a Public Health Control

If a summer food service vendor or sponsor intends to handle and serve potentially hazardous foods using *time as the only public health control*, **they must contact their local sanitarian to obtain the necessary guidance for developing their Time as a Public Health Control plan, then the local sanitarian must approve the plan before it is utilized.** When using Time as a Public Health Control, a sponsor must develop written procedures that address the requirements of 3-501.19 of the Missouri Food code. All other local sanitation code requirements must be met as well. The approved procedure must be kept on site for staff reference.

***The approved procedure must be kept available onsite for staff reference.**

Some vendor or sponsor responsibilities that will need to be developed are:

- Develop a procedure that will address:
 - Documentation specifying the time frame (four to six hours) that will be used as stated in section 3-501.19.
 - Method of marking the product when it is removed from temperature control.
 - Monitoring of temperature prior to removal from temperature control.
 - Method of marking the product with the discard time.
 - Disposition of the food at the end of the time period.
 - Included in the procedure:
 - What food is the procedure being used for?
 - The amount of food?
 - Who is responsible for monitoring?
 - The records that are to be kept and how long will they be kept?
- Provide training to personnel on procedure developed.
- Record how management will monitor and verify that the procedure is being applied properly.
- Assure that products in unmarked containers or packages or those that are marked with a time that exceeds the timeframe specified in the procedure will be discarded.

Local Public Health Agency inspection personnel responsibilities:

- Provide technical assistance to summer food service vendors or sponsors proposing to use time as a public health control.
- Review and comment on proposed procedures during inspection.
- During inspections review and verify application/implementation of procedure by:
 - Direct observation,
 - Review of at least three randomly selected records from the establishment's files including the day of inspection,
 - Record compliance status on the inspection report, and
 - Note any observations, violations, and corrective actions concerning the time as a public health control procedures, on the inspection report.
- Discard products in unmarked containers or packages or products marked with a time that exceeds the timeframe specified in the procedure.

Written procedures are required for potentially hazardous foods that are being held using time only as a public health control method. The written procedure must identify the food(s), the method of tracking the food once it is removed from temperature control, and what action will be taken at the end of the time frame.

See **Example** on next page.

Example: Written Procedure for Tracking Temperature

- Foods:
 - Macaroni and cheese.
 - Hamburgers.
 - Milk.
- Tracking:
 - Use yellow and red dots.
 - Write the time, on the yellow dot, the food was taken out of temperature control.
 - Place yellow dot on the left corner of each tray.
 - Write the "Discard Time on a red dot (maximum four hours).
 - Place red dot on right corner of each tray.
- Food Disposition:
 - Monitor time and assure that foods are discarded after four hours.
 - Discard expired and unused food in the kitchen garbage.
- Documentation:
 - Document all required information on the chart.
 - The approval chart must be completed for each day of service.
 - The chart will be maintained in the office at the central kitchen for at least 30 days.

Food	Macaroni & Cheese	Hamburgers	Milk
Employee initials	JS	JS	JS
Number of trays	2	4	5
Temperature	140°	145°	39°
Time taken out of temperature control	9:30 am	9:30 am	9:30 am
Time to be discarded or completely served	1:30 pm	1:30 pm	1:30 pm
Comments	Completely served	3 hamburgers discarded in kitchen garbage	6 cartons of milk poured down sink in kitchen

Monitoring Your Sites

Monitoring is essential to making a program successful. Having knowledgeable, trained monitors will enable program operations to comply with program requirements and run more smoothly. Having an efficient and capable monitoring staff is one of the first steps towards successful operations. A monitor serves as a direct link between the sponsor's administrative office and the actual meal service sites. Establishing a proper monitoring system will help prevent problems from occurring and will make it easier to correct any problems that arise during the summer. The sponsor must ensure that the monitor's responsibilities and authority are clear to the monitoring staff and site supervisors.

Monitors must:

- ❖ Participate in annual training from the sponsor, and understand program requirements, including civil rights requirements.
- ❖ Ensure sites operate according to program guidelines.
- ❖ Carry a supply of all necessary forms during site visits and reviews.
- ❖ Provide training and technical assistance for site personnel when needed.
- ❖ Spend enough time at each site to ensure proper program operations.

Visits and Reviews:

Monitors are required to perform site visits and site reviews at various times throughout program operations. Regulation requires the following site monitoring: 1. A pre-operational site visit prior to opening a new site. 2. A site review within the first two weeks of operation. 3. A site review within the first four weeks of operation.

- Site Visit: Requires the monitor to ensure the food service is operating smoothly and any apparent problems are immediately resolved.
- Site Reviews: Requires the monitor to determine if the site is meeting all the various program requirements. Monitors must observe a complete meal service from beginning to end, including delivery or preparation of meals, the meal service, and clean up after meals.

For your convenience, the Site Review forms for both self-prep and vended sites are included in this manual. They are also available on the Summer Food Service Program webpage at: www.health.mo.gov/sfsp under Applications and Forms. For further information on sponsor monitoring requirements, please see the USDA's *Sponsor Monitor's Guide* also available on our webpage under Manuals.

Monitoring Checklist

During your Summer Food Service Program (SFSP) Review, the Nutritionist or the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) representative will review program records for compliance with federal and state regulations. The following checklist should assist in preparation for the review. This list presents an overview of the major areas that will be evaluated. Records for the entire fiscal year should be available for review.

Forms and program requirements can be obtained at the DHSS-CFNA's SFSP webpage: www.health.mo.gov/sfsp.

Note: Sponsors must have a claim in Pending Approval before the sponsor monitoring can be held.

Required Documentation for SFSP Sponsor Review Monitoring:

- Documentation of Training to Program Personnel.*
- Pre-Operational Site Visit form, Monitor Site Review form for 2nd and 4th-week site monitoring reports (4th week only for returning sponsors that requested a waiver on the application).*
- Dated, daily menus (all sponsors).*
- Meal production records (vended sponsors only).*
- Child Nutrition (CN) labels or Product Formulation Statements for all commercially processed foods such as entrees and breaded meat items.
- Meal count records (daily meal counts; weekly or monthly consolidated records).*
- Attendance Records for Closed Enrolled Sites, Rural Non-Congregate Sites (including Conditional Non-Congregate Sites), and Camps. Must have an attendance record for each day of operation.
- Meal delivery receipts (vended programs only).
- Source documents (food purchase/delivery receipts, utility bills, payroll records, etc.) for all program costs.
- Copy of the completed claim for reimbursement.
- Sanitation inspection report(s).
- Civil rights beneficiary data forms: Outreach and Beneficiary Data Survey and Beneficiary Data Report (if recorded separately from 2nd or 4th week monitoring reports).*
- Notification to the community of the availability of free meals through media releases, brochures, or other printed outreach material.
- Copy of the program application and permanent agreement/contract.
- Enrollment Forms are required for Closed Enrolled Sites and Camps. Must have an enrollment form for each child. *
- Income Eligibility Forms (IEFs) for Conditional Non-Congregate Sites, Camps, and Closed Enrolled Sites (when applicable). Refer to *Income Eligibility Guidance for Camps, Non-Congregate Sites, and Closed Enrolled Sites*. *

*Available under Applications & Forms at: www.health.mo.gov/sfsp

Common Findings

In an effort to assist sponsors in operating the Summer Food Service Program (SFSP) successfully, some common situations from reviews that have resulted in findings have been identified. Use these as a guidepost to avoid some of the more common operational errors that have occurred with the SFSP.

MENU and MEAL SERVICE FINDINGS

- All meals served did not meet the minimum meal pattern requirements as outlined in the meal chart.
- The meal contained a non-creditable component. Refer to the United States Department of Agriculture's Food Buying Guide for Child Nutrition Programs and revise menus to include creditable meal components.
- Menus did not always provide an adequate variety of foods. It is important to provide a variety of foods each day to ensure adequate intake of a wide range of nutrients. Avoid serving the same foods too often.
- Some of the children were not served all of the required meal components. Incomplete meals served to children may not be claimed for reimbursement.
- Meals were served outside of the approved meal times. Meals served outside of the approved meal times may not be claimed for reimbursement. If your meal service times change, you must update the information online and gain approval prior to implementing the change.
- Children were observed taking potentially hazardous foods off site. All potentially hazardous foods must be eaten on site to avoid possible food-borne illness.
- The site did not have a trained person available during the meal service. SFSP regulations require at least one trained person be on site during the meal service. Meals served at sites without trained personnel may not be claimed for reimbursement.
- Children were not at the site the day of the review. Sponsors must notify the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) 24 hours in advance of site closings and/or field trips.
- The sponsor did not have Child Nutrition (CN) labels/Product Formulation Statements available to document the meat/meat alternate contribution of processed meat products.
- The amount of food prepared did not always meet minimum serving size requirements. Meals must provide minimum amounts of food as specified in the SFSP meal pattern to be claimed for reimbursement.

PRODUCTION RECORD FINDINGS (vended meals only)

- At a vended site, production records did not always indicate the exact amount of each food item used. Production records must indicate, at a minimum, the food items used, the serving size of each food item used, the total amount of each food item prepared in package/container sizes and/or weight, the amount of each food item leftover, and the number of children and adults served.
- At a vended site, production records were not being maintained.

MEAL COUNT FINDINGS

- The site did not maintain a point-of-service meal count. Meals must be counted as they are served to the children.
- The site did not have adequate procedures in place to adjust the number of meals ordered or prepared on a daily basis, resulting in an excess number of leftover meals.
- Leftover meals from the previous day were not properly recorded on the meal count sheets.
- The number of meals served did not match the delivery ticket. The site supervisor is responsible for ensuring the number of meals delivered to the site matches the delivery ticket by taking a physical count of the meals when they arrive at the site.
- Meal counting procedures used by the site did not yield an accurate count of meals served.
- The site is consistently claiming more meals than were served the day of the review. Sites may not claim more meals than are served to children at any time.
- There was an excess child-to-staff ratio at the site. While there is no regulation stipulating a certain child-to-staff ratio, a recommended ratio is 15 children to every program adult.

SANITATION FINDINGS (Contact your local sanitarian for technical assistance)

- **Food temperatures were not taken by site personnel when food arrived at the site.** Site personnel must take food temperatures to ensure that food has been properly handled and is safe for consumption.
- Site personnel did not use proper procedures to take food temperatures, nor were they aware of the food temperature “safety zone”.
- The expiration date on some of the milk was beyond the “use by” date. Check milk expiration dates to ensure the service of fresh milk. Discard all milk that exceeds the “use by” date.
- Food was not being held at the appropriate temperature. Potentially hazardous food must be held at a temperature of 41° F or below or 135°F or above to avoid bacterial contamination.
- Food was left sitting at room temperature for more than two hours.
- The site did not have adequate facilities or equipment for the safe storage of meals.
- A potentially hazardous food was stored on a shelf above other foods in the refrigerator. To avoid cross-contamination of food in storage, store all potentially hazardous foods on the lower shelves of the refrigerator.
- Employees were not observed washing their hands prior to the service of the meal, or after eating, drinking, using the toilet, or handling raw food.
- Food items in storage had not been properly labeled. Label and date all leftover foods and foods removed from their original containers.
- Food items in storage were not properly wrapped or covered. Use plastic wrap, foil, or a tight fitting lid to cover foods when storing them for later use.
- The refrigerator did not have a thermometer. All refrigerators must have a working thermometer to enable site personnel to monitor the temperature of the equipment. Temperature in the refrigerators and freezers must be monitored on a regular basis.
- Time as a Public Health Control was being utilized without an approved plan.

Corrective Action Plan

A Summer Food Service Program (SFSP) sponsor has the responsibility of responding to both site visit and sponsor review findings (instances of non-compliance) if they occur by completing a Corrective Action Plan (CAP). There are two different types of reviews, site visit reviews and sponsor reviews.

The CAP Process for Site Visit Reviews:

Following the site visit review by the SFSP Nutritionist/Nutrition Specialist, the outcome of the review will be discussed with the site supervisor and the sponsor, if present. A site review form indicating if each requirement was in compliance will be completed. If findings (instances of non-compliance) occurred during the review, additional site visit finding form(s) will be completed and a CAP will be requested.

If the sponsor is present at the time of the site review, the sponsor will be given the opportunity to correct the finding on site and document the correction on the site visit finding form(s). If the sponsor is not present at the time of the site review, a copy of the site review form and site visit finding form(s) will be emailed to the sponsor for completion. On the site visit finding form(s), the sponsor will address each finding indicated, explaining how each finding will be corrected, who will be responsible for correcting the finding, and a date by which the finding will be corrected.

Each CAP will have a due date. The sponsor will have **three weeks** from the date of the site review to respond to the findings. Failure to respond to the review could affect the site and sponsor's ability to participate in the SFSP. After the Nutritionist/Nutrition Specialist has reviewed and approved the CAP, a closeout email will be sent to the sponsor.

The CAP Process for Sponsor Reviews:

After the SFSP Nutritionist/Nutrition Specialist has conducted the sponsor review, a review letter will be sent to the sponsor indicating that a review has been conducted and include details of compliance or non-compliance. If findings (instances of non-compliance) occurred during the review, a CAP will be requested.

A CAP form will be included with the review letter, for completion by the sponsor. On the CAP form, the sponsor will address each finding indicated on the report, explaining how each finding will be corrected, who will be responsible for correcting the finding, and a date by which the finding will be corrected.

Each CAP will have a due date. The sponsor will have **three weeks** from the date of the review letter to respond to the findings. Failure to respond to the review letter could affect the sponsor's ability to participate in the SFSP, and may result in the sponsor being classified as Seriously Deficient. After the Nutritionist/Nutrition Specialist has reviewed and approved the CAP, a closeout letter will be sent to the sponsor.

Appeal Procedure

Appeals of the Department of Health and Senior Services (DHSS) actions are conducted before an independent administrative hearings officer in the DHSS Appeals Unit. To contact the DHSS Appeals Unit, call (573) 522-1699, fax (573) 751-0247, or email DHSS.Appeals@health.mo.gov.

What can be appealed?

A sponsor may appeal any of the following actions the DHSS takes relating to its participation in the Summer Food Service Program (SFSP) or claims for reimbursement (7 CFR 225.6(b)(3) and 7 CFR 225.13):

- Denial of an application for participation.
- Denial of a sponsor's request for an advance payment.
- Denial of a sponsor's claim for reimbursement (except when submitted after the deadline [See 7 CFR § 225.9(d)(6)]).
- DHSS' refusal to forward to USDA's Food and Nutrition Service (FNS) the sponsor's requested exception for payment of a late claim or a request for an upward adjustment to a claim.
- Claim against a sponsor for remittance of a payment.
- Termination of a sponsor's or a site's participation in the program.
- Denial of a sponsor's application for a site.
- Denial of a food service management company's application for registration, if applicable.
- Revocation of a food service management company's registration, if applicable.

A sponsor cannot appeal decisions the FNS makes relating to late claims for reimbursement or request for upward adjustments under 7 CFR 225.9(d)(6).

How can a sponsor appeal?

- Appeal requests must be in writing.
- A sponsor can either:
 - ✓ Email the appeal request to SFSP@health.mo.gov
 - ✓ Fax the appeal request to 573-526-3679; or
 - ✓ Mail the appeal request to:
Missouri Department of Health and Senior Services
Community Food and Nutrition Assistance
ATTN: SFSP Appeals
PO Box 570
Jefferson City, MO 65102
- The DHSS must receive the appeal request no more than 14 calendar days after the sponsor receives the notice of the DHSS's action.

What should a sponsor include in its appeal request?

- The sponsor's name, telephone number, and mailing address.
- The name and title (printed or typed) of the sponsor's contact person or authorized representative.
- The DHSS action(s) that the sponsor is appealing, the reason(s) the sponsor is appealing, and the action(s) the sponsor wants the DHSS to take instead (i.e., the remedy the sponsor is seeking).
- Whether the sponsor is requesting an abbreviated administrative review and/or an administrative hearing.

What are the types of administrative review?

- **Abbreviated administrative review:** a review of written documentation only.
 - In an abbreviated review, both the sponsor and the DHSS submit written documentation and information for the hearing officer to consider when deciding the appeal.
 - A sponsor requesting a written review may choose to have an abbreviated administrative review even if it is entitled to a full, in-person hearing.
 - To be considered by the hearing officer, the sponsor must submit all written documentation and information in support of its appeal to the hearing officer within seven calendar days of the date it submits its appeal request (7 CFR 225.13(b)(4)).
 - A sponsor cannot request an in-person administrative hearing after the abbreviated administrative review has taken place.
- **Administrative hearing:** an in-person hearing at which the sponsor and the DHSS submit verbal testimony and evidence.
 - The Appeals Unit hearing officer can hold a hearing in addition to, or instead of, an abbreviated administrative review only if the sponsor requests a hearing in its appeal request.

Additional information:

- The Appeals Unit hearing officer will send the sponsor a letter giving the date, time, and location of the administrative hearing (if an administrative hearing was requested) and/or the date any written documentation and information in support of the sponsor's appeal is due and submission information.
- If the sponsor requests an administrative hearing and fails to appear at the hearing, the sponsor waives the right to an in-person appearance before the Appeals Unit hearing officer unless the hearing officer agrees to reschedule the hearing.
- The sponsor may retain private legal counsel or may be represented by another person. *7 CFR 225.13(b)(5).*
- The DHSS will have legal counsel representation for both in-person hearings and abbreviated administrative (written) reviews.
- The Appeals Unit hearing officer must make a decision within five business days of either holding an administrative hearing or receiving the written documentation from the sponsor and the DHSS.

Remember these deadlines:

- The DHSS must receive the sponsor's appeal request within 14 calendar days of the sponsor receiving notice of the DHSS's actions.
- The sponsor must submit any written documentation to the hearing officer within seven calendar days of submitting the appeal request.

Tips for Success

Five Keys to Success in the Summer Food Service Program (SFSP)

- Serve quality meals.
- Keep sound financial records.
- Ensure access to the program.
- Include activities at your meal sites.
- Highlight the program.

Finances

To reach your SFSP goals, understand how much money is available to spend on the program:

- Estimate your total SFSP expenses for the summer.
- Then estimate your total federal reimbursement from SFSP participation. Add funds from other possible sources such as rebates, state government funding, grants, donations, etc. you will have for the summer.
- Use those numbers and a backward planning technique to plan and reconcile the income and expenses your program will incur for the summer.
- Make sure you are able to cover the necessary program expenses and are able to efficiently operate the SFSP.
- Don't overestimate participation.

Access

When it comes to transportation challenges, consider:

- Working with rural school districts' bus operations.
- Collaborating with organizations that have vehicles to help transport children.
- Renting a vehicle, at cost, to use for the program.
- Creating a mobile meal site route!

Remember to discuss non-traditional approaches to meal service with the Department of Health and Senior Services-Community Food and Nutrition Assistance.

Activities

Activities at meal sites draw a higher number of children and provide sustainment for the SFSP. They also provide opportunities to increase the health and development of children during the summer months. Partnerships with schools, parks and recreation departments, and nonprofit organizations can help keep costs down by organizing and supervising these activity programs.

Publicity

While awareness of the SFSP has increased greatly in the past few years, there are still plenty of parents and community stakeholders who are unaware of the program and its benefits to the communities where meal sites are located. Including promotion in your SFSP plan can make a tremendous difference in having a successful program. Promoting your program through the media, social media, and the community will help increase meal participation.

For tips and resources to make your SFSP a success, see the United States Department of Agriculture's Program Operator page at: <https://www.fns.usda.gov/sfsp/program-operator>.

Annual Newsletter

The Summer Food Service Program (SFSP) state team is privileged to witness the outstanding achievements and hard work of sponsors across Missouri who provide nutritious meals to children through the SFSP. We would like to recognize your creative, successful strategies in the annual SFSP newsletter. This is your opportunity to brag shamelessly about your program! Don't be shy!

Any sponsor operating the SFSP is eligible to be recognized for all categories. Due to limited space available, narratives need to be limited to one page and address the questions under the appropriate category. Pictures are highly encouraged! Please include a signed release form for any person appearing in the photos. Please submit your information no later than November 30.

For the annual newsletter, we are highlighting articles that feature sponsors in the following five categories:

- 1. Outstanding Outreach:** Are you an SFSP sponsor that uses creative strategies to promote participation of eligible children in your program? Describe in your narrative your efforts and results in promoting your program, including:
 - Steps taken to promote your program and reach eligible children, and their impact.
 - The most effective techniques used in reaching the children.
 - Any challenges or barriers encountered and how they were addressed.
 - Any non-program resources (e.g., monetary contributions, in-kind donations, volunteers, partnerships with other organizations) that were utilized in your efforts.
 - How children's participation was sustained over the course of the program.
 - What is your anticipated outlook for the next year?
- 2. Magnificent Menus:** Are you an SFSP sponsor whose menus utilize food in a nutritional and inventive way? Do your menu items have nutritional content, color, variety, cultural awareness, and have you used inventive food promotions? Send in your summer menus along with a narrative highlighting your effective menu planning techniques. Please include drool worthy photos of your magnificent creations!
- 3. Greatest Growth:** Have you had exponential meal site participation growth from the previous year? If so, please tell us all about it so we can share your strategies!
- 4. Spectacular Staff:** Do you have a rock star or an entire team who worked with your SFSP? Were they hard working, creative, dedicated, and committed to upholding the integrity of the SFSP? Did they meet the needs of the children and communities they served? If so, tell us about your rock star(s)!
- 5. Perfectly Partnered:** Did your SFSP partner with an organization and create a team that positively impacted a community? Well then, tell us about it so we can celebrate with you! Include the benefits of the partnership you formed, the outstanding outcomes, and how your organizations came to be partners. We love a good partnership!

Requesting Advances

Advances are payments that may be received before the Summer Food Service Program (SFSP) begins, to pay for administrative and operating costs that are incurred before the program starts. When determining the amount of the advance payment, the Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) will make the best possible estimate based on the sponsor's request and any other available data. These payments are advances on the reimbursement that sponsors will receive for a month of operations and **will be deducted from future reimbursement payments.**

If a sponsor requests an advance, then the request must reasonably and accurately reflect estimated site attendance and meal reimbursements in accordance with 7 CFR 225.6(a)(3). First advances shall not be paid until the sponsor has a fully executed contract with the DHSS.

Sponsors requesting an advance for the SFSP:

- Must sign and return a fully executed contract with the DHSS to operate as an SFSP sponsor prior to receiving any advance funds.
- Must be in good standing with Missouri Food and Nutrition Programs.
- Cannot miss a payment for Missouri Food and Nutrition Programs' debt deadline from a previous SFSP operational year.
- Must operate at the site for 10 days or more to request an advance for that site's meals.

If a second or third advance is requested, the sponsor must provide accurate attendance information to the DHSS-CFNA by mid-June for the second advance and by mid-July for the third advance, in accordance with 7 CFR 225.9(c)(1)(ii).

Debt Repayment

In the event overpayments are identified, pursuant to 7 CFR 225.12, the sponsor must agree to a repayment schedule and that such repayments shall be deducted from future claim payments except in the event that no future claim payments are due. For such an event, the sponsor shall remit the full amount of the overpayment pursuant to 7 CFR 225.12, within 30 days of receipt of the notice of the overpayment.

Any and all representatives of the sponsor that sign the contract on behalf of the sponsor shall be aware of the personal responsibility for repayment in the case of an overpayment and acknowledge personal liability for repayment of any overpayment. In addition, all principals of the sponsoring organization are aware of the personal responsibility for repayment in the case of an overpayment and acknowledge the personal liability for repayment of any overpayment.

At-Risk Afterschool Program

The At-Risk Afterschool Program is a component of the Child and Adult Care Food Program (CACFP). It offers federal funding to Afterschool Programs that serve a meal or snack to children, 18 and under, in eligible areas. The United States Department of Agriculture's (USDA) Food and Nutrition Service (FNS) administers the CACFP at the national level. The Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA) administers the program in Missouri.

Many existing SFSP sites are well-positioned to offer afterschool meals during the school year through the At-Risk Afterschool Program. Both organizations and communities benefit when meals are offered to children in eligible communities year-round. Organizations benefit from having the ability to hire year-round staff, a continuous flow of reimbursements providing additional financial stability, and recognition in the community as a stable source of services. Communities benefit by having a partner that provides year-round nutrition services for children and brings increased federal funds into the local economy.

At-Risk Afterschool Eligibility Requirements:

Organizations may apply to participate in the At-Risk Afterschool Program either as an independent afterschool program or through a sponsor. Eligible organizations must meet state and/or local licensing or health and safety standards in order to participate. Following are eligibility requirements that must be met in order to apply and participate in the program.

Program Eligibility: An afterschool program must:

- Be organized primarily to provide care for children after school or on the weekends, holidays, or school vacations during the regular school year.
- Provide organized, regularly scheduled education or enrichment activities in a structured and supervised environment that are open to all children.
- Be located in an attendance area of a school where at least 50 percent or more of the children are eligible for free or reduced-price meals.

Organization Eligibility: At-Risk Afterschool Programs may be operated by:

- Public agencies such as schools or city governments.
- Tax-exempt nonprofit organizations.

- For-profit centers that meet the requirements of serving at least 25 percent of children who are eligible for free or reduced-price meals based on their family income; or receive benefits under title XX of the Social Security Act and the center receives compensation under title XX.

Area Eligibility: As noted above, to be eligible to participate in the At-Risk Afterschool Program, it must be located in an eligible area. This means the site is located in the attendance area of a public school where at least 50 percent of the students are eligible for free and reduced-price meals under the National School Lunch Program (NSLP). This is referred to as area eligibility.

Participant Eligibility: At-Risk Afterschool Programs may claim reimbursement only for meals and snacks served to children who are age 18 or under at the start of the school year. Programs may be either drop-in or enrolled. Children do not have to participate in the enrichment activities in order to be served a meal. Reimbursement also may be claimed for participants who turn age 19 during the school year. There is no age limit for persons with disabilities.

Licensing and Health and Safety Requirements: Federal law does not require licensing for centers participating in the At-Risk Afterschool Program. However, states or local jurisdictions may require licensing. In the state of Missouri, afterschool programs must be licensed by the Missouri Department of Health and Senior Services' Section for Child Care Regulation, or be exempt from licensing requirements. Exempt organizations must, however, submit documentation to show that minimum health and safety standards are being met. At a minimum, documentation must include a fire safety inspection report and a sanitation report. Schools are exempt from the licensing requirement in Missouri.

Summer Food Service Program

Food That's In When School Is Out!

What is the Summer Food Service Program (SFSP)?

- The SFSP is a nutrition program federally funded by the United States Department of Agriculture, Food and Nutrition Services (USDA, FNS) and administered by individual states. In Missouri, SFSP is administered through the Missouri Department of Health and Senior Services-Community Food and Nutrition Assistance (DHSS-CFNA).
- The SFSP provides nutritious meals to needy children ages 18 and under during the summer months when school lunch and breakfast programs are not operating or during time of emergency. The program also provides meals to individual's ages 18-21 who are determined by a state educational agency to be mentally or physically disabled, and who participate in a school program for mentally or physically disabled during the regular school year.
- SFSP sponsors receive financial and technical support to operate and administer the program.
- Meal sites can be approved as congregate sites or as rural non-congregate sites.

What is a sponsor?

- A sponsor is an organization that contracts with DHSS to operate the SFSP.
- Sponsors accept full final administrative and financial responsibility for all sites under their jurisdiction. A site is the location where meals are served to participants.

What types of organizations can sponsor the program?

- Schools, both public and private, who participate in the National School Lunch Program (NSLP).
- Units of local, municipal, county, tribal, or state government.
- National Youth Sports Programs (NYSP) and Upward Bound.
- Private nonprofit organizations.
- Public or private nonprofit camps.
- Public or private nonprofit universities or colleges.
- Hospitals, Federally Qualified Health Centers, and medical clinics.
- Local Public Health Agencies.

What types of sites are approved for operation?

A site can be anywhere that is accessible to and accommodates children and has the necessary facilities to serve meals. Sites can be indoors or outdoors; for example, a school cafeteria, park, or church.

- Open Site – located in an area where at least half of the children are eligible for free or reduced-price meals through NSLP.
- Closed Enrolled Site – at least half of the enrolled participants at the site are eligible for free or reduced-price meals based on properly completed Income Eligibility Forms or located in an area where at least half of the children are eligible for free or reduced-price meals through NSLP.
- Residential Summer Camp – a camp that offers regularly scheduled food service as part of an organized program for enrolled participants.
- Migrant Feeding Site – food service sites that primarily serve children from migrant families, where regularly scheduled meal services are available.
- Conditional Non-Congregate Site - a rural site that qualifies for Program participation because it conducts a non-congregate meal service for eligible children in an area that does not meet the definition of "areas in which poor economic conditions exist" and is not a "camp."

How are meals provided?

A sponsor may provide meals to children by:

- Preparing meals in a central kitchen or on site at each location; or
- Obtaining complete meals from a Food Service Management Company (vendor), which could be a public agency, a private nonprofit organization, a school district, or a commercial food service management company. Federal, state, and local procurement standards must be met.

What must be served for meals to qualify?

- SFSP sponsors must follow the meal pattern requirements as outlined in the Summer Food Service Program Regulations, 7 CFR 225.16. All meals served in the SFSP must meet these requirements in order to receive reimbursement. The meal pattern establishes minimum portion sizes of various food components that must be served to each child.
- The four meal components are: milk; vegetable, fruit, or juice; grains or bread; and meat or meat alternate.
 - Breakfast – milk; vegetable, fruit, or juice; grain or bread.
 - Lunch/Supper – milk; two different vegetables and/or fruits; meat or meat alternate; grain or bread.
 - Snack – choose two of the four components.
 -

Which meals can be served?

- The type of site operated determines the number and type of meal services that can be approved.
- Sites may be approved for one or two meal service times; for example, lunch only, breakfast and lunch, or lunch and snack.
- Residential and nonresidential camps and sponsors of programs for children of migrant workers may be approved to serve either three meals or two meals and one snack.

How is a sponsor reimbursed?

- Reimbursement is based on claims for reimbursement that the sponsor submits to CFNA. The amount the sponsor is reimbursed is equal to the number of eligible meals served to children multiplied by the current reimbursement rates.

Where are the SFSP reimbursement rates?

- <https://mohealth.uservoice.com/knowledgebase/articles/1167319-what-are-the-meal-reimbursement-rates>

What about recordkeeping?

- Sponsors must keep full and accurate records of the number of meals served to children to support each claim for reimbursement.
- Sponsors must maintain records of allowable costs such as food, kitchen labor, nonfood supplies, administrative labor, office supplies, printing, advertising, and travel for site monitoring or training., in order to operation of nonprofit food service.
- Sponsors must maintain all of these records for three full federal fiscal years and the current federal fiscal year.
- These records must be made available upon request to federal and state administering agencies for audit and review purposes.

What are a sponsor's administrative responsibility?

Administrative responsibilities include but are not limited to the following:

- Complete training required by the state administering agency.
- Train all personnel involved in the sponsor's SFSP and keep records of all trainings conducted.
- Locate eligible sites.
- Hire, train, and supervise staff and volunteers.
- Monitor sites and ensure sites comply with civil rights requirements.
- Keep full and accurate records to substantiate the claim for reimbursement and to demonstrate a nonprofit food service, such as allowable costs and daily records of the number of meals received, prepared and served.
- Prepare and submit claims for reimbursement.

What about monitoring the program?

- Sponsors must provide personnel to monitor sites regularly and document the review.
- The sponsor's monitors must ensure that its sites operate according to program guidelines and requirements, communicate any problems to the sponsor, and ensure correction of problems.

Will the program be reviewed?

- New sponsors will receive an administrative review by DHSS-CFNA and/or USDA that will include both administrative review at the sponsor's office and at least one meal service site. After the first year of operation, sponsors will be reviewed at least every three years.
- Sponsors must make SFSP records available for the administering agency review and must take any corrective actions required by the administering agency.
- Results of an administrative review may affect the amount of reimbursement the sponsor will receive.
- The review will involve an assessment of how the claim for reimbursement was prepared and a review of the supporting records maintained by the sponsor. Site operations will be assessed via an observation of the meal service operation and the recordkeeping of one or more sites.

How do I apply?

- Prospective new sponsors may find information regarding the application process at www.health.mo.gov/sfsp,
- If you do not have internet access, call toll free 888-435-1464 or RELAY MISSOURI for Hearing and Speech Impaired at 800-735-2966, or email sfsp@health.mo.gov for application information.

The application must be reviewed and approved by DHSS-CFNA before the organization can begin reimbursable meal services.

The sooner you submit the application, the better.

This institution is an equal opportunity provider.

ACCURATE MEAL COUNTING AND CLAIMING

IN THE SUMMER FOOD SERVICE PROGRAM

Ensure each meal claimed for reimbursement is served as a complete meal. A complete meal includes all of the required meal pattern components for the meal service type.

1. Point of Service Meal Counts

Count meals at the point of service. This helps to make sure that the meal counts are accurate. At the end of each meal, record on the daily report form (provided by the sponsor) the number of complete breakfasts, lunches, snacks, or suppers you served as first meals and as second meals.

2. Recording Adult Meals

Ensure that ALL adult meals (program and non-program adult meals) are recorded separately and omitted from meal count totals that are submitted to the sponsor for reimbursement.

3. Meals Taken Off-site

Any full or partial meals taken off-site are not reimbursable and must be deducted from the meal counts submitted for reimbursement.

Based on sponsor policy, a fruit, vegetable, or grain component may be allowed to be taken off site. Item must come from child's own meal or a "share table."

4. Double Check Meal Counts

Communicate with another staff member to compare point of service meal counts after each meal service to ensure the proper number of meals are claimed for reimbursement.

For sites operating offer vs. serve:

Site staff must ensure that all meals counted for reimbursement meet the required offer vs serve meal pattern components for the appropriate meal type.

DO'S AND DON'TS FOR SITE SUPERVISORS

DO

- Prepare or order only the number of meals needed.
- Count the meals as they are received.
- Check the meals to be sure you have received all the menu items and that none of the items are damaged or spoiled. Note any problems directly on the delivery receipt and sign the receipt.
- Clean the site before you serve the meal.
- Put up the approved "And Justice for All" poster in a visible location.
- Serve the meal only during the assigned time period.
- Prepare and serve the meal according to State and local health and safety standards.
- Serve the children in an organized manner at mealtimes.
- Count meals at point of service and record the number of complete meals once all components have been served.
- Count second meals separately if your sponsor allows seconds. Second meals must be served as complete units.
- Complete the daily records in a timely manner. Keep them in a safe place away from children, weather, and animals.
- If possible, organize site activities so that your staff and the children have interesting things to do when it is not mealtime. Boredom and idleness often result in changes in attendance by the children. When this happens, you and your site are at a disadvantage.
- Plan the staff members' time so they may sit with the children while they eat.
- Encourage the children to try new foods.
- Clean the site after the meal.
- Have fun!

DON'T

- Serve second meals until all children at the site have been served one complete meal.
- Serve meals with missing components, unless your site is approved to serve "offer versus serve" (OVS) meals.
- Serve meals to parents or other adults from the community, unless allowed by your sponsor.
- Allow any part of the meal to be taken offsite, unless your sponsor allows a fruit, vegetable, or grain to be taken off site.
- Sign meal receipts until all meals are carefully counted and checked.
- Allow discrimination against any child because of race, color, national origin, sex, age, or disability.
- Forget to have each meal service supervised by a person trained in the operation of the program.
- Hesitate to contact your sponsor if you have concerns.

Food Product Thermometer Calibration

A food product thermometer is a useful tool that is required for all food establishments and regulated child care providers.

A typical analog food product thermometer is composed of a metal stem and head with a dial. The dial measures from 0-220° Fahrenheit in 2-degree increments to allow accurate measurements for cold-holding, hot-holding, cooking temperatures, hot water and ambient air.

When using a food product thermometer, allow adequate time for the thermometer to adjust to the right temperature, and remember to sanitize the stem between uses.

An important feature of any food product thermometer is that it can be calibrated. Thermometers should be calibrated before initial use, after being dropped and at regular intervals to ensure accuracy.

Most thermometers can be calibrated with the following method using ice water:

1. Fill an insulated cup with crushed ice and water.
2. Immerse the food thermometer stem a minimum of 2 inches into the mixture, touching neither the sides nor the bottom of the glass.
3. Wait 4-5 minutes to allow the temperature to stabilize. It may be necessary to add ice during this process to ensure the solution is maintained at 32° F.
4. Be sure to hold the stem of the instrument away from the bottom and sides of the container to avoid error.
5. If the thermometer is not accurate within +/- 2° F of 32° F, it must be adjusted accordingly.
6. Without removing the stem from the ice, hold the adjusting nut under the head of the thermometer with a suitable tool and turn the head so the dial reads 32° F.

Crediting **Vegetables** in the **Child Nutrition Programs** Tip Sheet

Vegetables are a required component for reimbursable meals in the National School Lunch Program (NSLP) including the Preschool Lunch Meal Pattern, as well as the Child and Adult Care Food Program (CACFP) lunch and supper meals. Vegetables may be served as part of a reimbursable meal for the School Breakfast Program (SBP), and to fulfill the combined fruits and vegetables requirement for Preschool and CACFP breakfasts, as well as in the Summer Food Service Program (SFSP). They may also be served as one of the two required meal components for a reimbursable snack in all Child Nutrition Programs.

Vegetable Requirements

- Vegetables must be fresh, frozen, canned, dried (including dried legumes), or 100% full-strength vegetable juice. Examples of creditable vegetables can be found in the *Food Buying Guide for Child Nutrition Programs (FBG)* at <https://foodbuyingguide.fns.usda.gov/>.

- Most vegetables credit as volume served; the minimum creditable serving size is $\frac{1}{8}$ cup (exceptions are tomato paste, tomato puree, and raw leafy greens). **Note:** minimum creditable amounts do not apply to the infant meal pattern.
 - **Raw leafy greens** credit at half the volume served in Schools Meals Programs and CACFP (Example: In NLSP, $\frac{1}{2}$ cup romaine lettuce contributes $\frac{1}{4}$ cup toward the dark green vegetable subgroup). In SFSP and NSLP Afterschool Snack Service, raw leafy greens credit as volume served.
 - **Cooked leafy greens**, such as sautéed spinach, credit based on volume served.
 - **Tomato paste** and **tomato puree** can credit using the whole food equivalency (volume of tomatoes prior to pureeing) rather than on the actual volume served. All other vegetable purees credit based on the finished volume served.

- Beans and peas (legumes) may count toward the meats/meat alternates or vegetables component, but not as both in the same meal.

- In the School Meal Programs and CACFP, mixtures of fruits and vegetables (e.g., baked sweet potato with apples), must credit separately for the fruits and the vegetables components.

- Over the course of the week, schools must offer vegetables from specific vegetable subgroups.

More training, menu planning, and nutrition education materials can be found at TeamNutrition.USDA.gov.

FNS-932 • May 2022

Vegetable Subgroup	Examples Include
Dark Green	bok choy, broccoli, collard greens, dark green leafy lettuce, kale, mesclun, mustard greens, romaine lettuce, spinach, turnip greens, and watercress
Red/Orange	acorn squash, butternut squash, carrots, pumpkin, tomatoes, tomato juice, and sweet potatoes
Beans/Peas (legumes)	black beans, garbanzo beans (chickpeas), kidney beans, lentils, navy beans, pinto beans, soy beans, split peas, and white beans
Starchy	corn, cassava, hominy, green bananas, green peas, plantains, taro, water chestnuts, and white potatoes
Other Vegetables	all other fresh, frozen, and canned vegetables, cooked or raw, such as artichokes, asparagus, avocado, bean sprouts, beets, Brussels sprouts, cabbage, cauliflower, celery, cucumbers, eggplant, green beans, green peppers, iceberg lettuce, mushrooms, okra, onions, parsnips, turnips, wax beans, and zucchini

Vegetable Juice

- In School Meal Programs, no more than 1/2 of the total weekly vegetables offered may be full-strength, 100% vegetable juice and is measured separately at lunch and breakfast.
- In CACFP or Preschool Meal Patterns, full-strength, 100% vegetable juice may be used to meet the vegetables component no more than once per day, including snack. Full-strength, 100% vegetable juice may be used as one component of a snack when the other component is not a beverage.
- In SFSP, full strength 100% vegetable or fruit juice may be counted to meet not more than 1/2 of the vegetable or fruits requirement at lunch or supper.

Note: Juice limit is measured by Program. For example, if a school serves lunch to preschoolers under NSLP and a snack through CACFP, the school can serve juice at both lunch and snack.

Vegetable Smoothies

- Pureed vegetables (fresh, frozen, or canned), when served in a smoothie, credit as juice, and as such are subject to the limitations regarding juice service.
- Pureed vegetable included in a smoothie may count as the entire fruits/vegetables component in the NSLP Afterschool Snack Service and at breakfast and snack in CACFP and SFSP. At snack, a smoothie containing juice and milk can credit as either juice or milk as long as there is a separate, second component served in addition to the smoothie.
- Dry beans and peas may credit toward the vegetables component as vegetable juice when served in a smoothie.
- Juice does not credit when used as an ingredient in another food or beverage product with the exception of smoothies.

Newly Creditable Vegetables in Child Nutrition Programs

Hominy

- Hominy may credit towards the vegetables component in a reimbursable meal or snack.
 - ¼ cup of canned, drained hominy or cooked, whole hominy (from dried hominy) credits as ¼ cup vegetable (starchy vegetable for NSLP and SBP).

Pasta

- Pasta products made of one or more 100 percent vegetable flour(s) may credit toward the vegetables requirement in all Child Nutrition Programs. For example, ½ cup of pasta made of 100 percent vegetable flour(s) credits as ½ cup of vegetables.
- Pasta products made of flour(s) from one vegetable subgroup may credit toward the appropriate vegetable subgroup for school meals. Pasta made of legume flour (e.g., red lentil flour) may credit toward the legume vegetable subgroup or the meat alternates requirement.
- Pasta products made of a blend of 100 percent vegetable flours from multiple vegetable subgroups (e.g., lentils and cauliflower) may credit in two ways for school meals:

① With a Product Formulation Statement (PFS) from the food manufacturer detailing the actual volume of each vegetable flour per serving, the pasta product may credit toward specific vegetable subgroups; or

② If the actual volume of each vegetable flour is unknown, the pasta product may credit toward the additional vegetables to meet the overall weekly vegetables requirement.

Products That Do Not Contribute Toward Meal Pattern Requirements

- ✗ Snack-type foods made from vegetables, such as potato chips
- ✗ Home-canned products (for food safety reasons)
- ✗ Condiments such as pickle relish, jam, jelly, tomato catsup, or chili sauce (tomato paste is creditable)
- ✗ Freeze-dried vegetables
- ✗ Dehydrated vegetables used for seasoning

Fill in the blank.

- ___ cup is the minimum creditable amount for any single vegetable.
 A. ½ cup B. ¼ cup C. ⅛ cup
- For school meals, sweet potatoes belong to the _____ subgroup.
 A. Starchy vegetable B. Red/Orange vegetable C. Other vegetable
- Raw, leafy salad greens credit at _____ the volume served in school meals and CACFP.
 A. full B. half C. quarter
- Cooked leafy greens like sautéed spinach, credit at _____ served.
 A. volume B. double the volume C. half the volume
- Dehydrated vegetables used as seasoning _____ creditable.
 A. are B. are not
- The combination of _____ makes a one-cup vegetable serving of fresh tomato, spinach, and bean salad.
 A. ¼ cup fresh tomatoes, 1 cup fresh spinach, and ¼ cup drained garbanzo beans
 B. ¼ cup fresh tomatoes, 2 cups fresh spinach, and ¼ cup drained garbanzo beans
 C. ¼ cup fresh tomatoes, 1¼ cups fresh spinach, and ⅛ cup drained garbanzo beans
 D. Both A and C

Does It Credit?

You are serving Kale and Sweet Potato Soup as one of the lunch menu items for high school. The manufacturer provided the following Product Formulation Statement (PFS). You need to review the documentation to make sure the vegetables credit as stated. Use the PFS and the Food Buying Guide (FBG) information below to answer the questions.

Product Name: Kale and Sweet Potato Soup			Product Code: 987		
Serving Size: 1 cup (8.20 oz)			Date: 7/21/2020		
Vegetables					
Description of Creditable Ingredients per FBG	Vegetable Subgroup	Ounce per Raw Portion of Creditable Ingredient (A)	FBG Yield (B)	Purchase Unit (C)	Creditable Amount (A x B / C)
Kale, fresh, <i>Untrimmed</i> , cooked, drained vegetable	Dark Green Vegetables	2.80 oz	11.80	16.00 oz	2.0650 1/4 cups
Sweet Potatoes, frozen, <i>Center cuts, approx. 7/8 to 1-3/8-inch thick by 1-1/4 to 1-3/4 inch diameter</i> , cooked vegetable	Red/Orange Vegetables	3.50 oz	9.70	16.00 oz	2.1218 1/4 cups
Total Cups Dark Green Vegetables:	0.5163 cups	Total Cups Red/Orange Vegetables:		0.5305 cups	
Meal Pattern Contribution Statement					
I certify that the above information is true and correct and that a 1 cup (8.20 oz) ounce serving of the above product (ready for serving) provides 1/2 cup(s) of Dark Green vegetables, 1/2 cup(s) of Red/Orange vegetables when prepared according to directions.

True or False:

- The manufacturer correctly calculated the vegetable credit for this product.
 - True False
- The students do not need any additional vegetables for a reimbursable meal because this product meets the entire vegetables component.
 - True False

Answers

1. _____ cup is the minimum creditable amount for any single vegetable.

C: 1/8 cup

2. For school meals, sweet potatoes belong to the _____ subgroup.

B: Red/Orange vegetable

3. Raw, leafy salad greens credit at _____ the volume served in school meals and CACFP.

B: half

4. Cooked leafy greens like sautéed spinach, credit by _____ as served.

A: volume

5. Dehydrated vegetables used as seasoning _____ creditable.

B: are not

6. The combination of _____ makes a one-cup vegetable serving of fresh tomato, spinach, and bean salad.

D: Both A and C

Both A and C are correct. Remember, raw leafy greens credit at half the volume served!

A is correct because 1/4 cup fresh tomatoes plus 1 cup fresh spinach (which credits as 1/2 cup) plus 1/4 cup of drained garbanzo beans equals 1 cup serving of vegetables.
(1/4 cup + 1/2 cup + 1/4 cup = 1 cup)

C is correct because 1/4 cup fresh tomatoes plus 1 1/4 cups fresh spinach (which credits as 5/8 cup) plus 1/8 cup drained garbanzo beans equals 1 cup serving of vegetables.
(1/4 cup + 5/8 cup + 1/8 cup = 1 cup)

Does it Credit?

1. The manufacturer correctly calculated the vegetable credit for this product.

 I certify that the above information is true and correct and that a **1 cup (8.20 oz)** ounce serving of the above product (ready for serving) provides **1/2 cup(s)** of Dark Green vegetables, **1/2 cup(s)** of Red/Orange vegetables when prepared according to directions.

True: To calculate the contribution of the creditable ingredients for the soup, information from the FBG is entered into the PFS. Multiply the amount of Kale in column A (2.8 ounces per serving) by the FBG Yield in column B (11.80), which is the number of quarter-cup Servings per Purchase Unit. Since the FBG lists the purchase unit as pounds, the PFS must divide by 16.00 ounces (column C) as there are 16 ounces in one pound.

Let's check the calculations:

Kale

2.80 ounces of Kale x 11.8 for FBG Yield (Servings per Purchase Unit) ÷ 16 ounces per pound = 2.0650 quarter-cup servings.

To obtain the number of cups of Kale, divide the result by 4, as there are 4 quarter-cups in one cup: 2.0650 quarter cups ÷ 4 = 0.5163 cup, which rounds down to 0.5 or 1/2 cup vegetable.

Since Kale belongs to the dark green vegetable subgroup, it provides **1/2 cup of dark green vegetable**.

Does it Credit? (continued)

Sweet Potato

✓ 3.50 ounces of Sweet Potato x 9.70 for FBG Yield (Servings per Purchase Unit) ÷ 16 ounces per pound = 2.1218 quarter-cup servings

✓ To obtain the number of cups of Sweet Potato, divide the result by 4 to obtain number of cups: 2.1218 quarter-cups ÷ 4 = 0.5305 cup, which rounds down to 0.5 cup of vegetable.

Since Sweet Potato belongs to the red/orange subgroup, it provides **½ cup of red/orange vegetable**.

This product provides
1 cup of total vegetables:

½ cup Kale + ½ cup Sweet
Potato = 1 cup vegetable

2. The students do not need any additional vegetables for a reimbursable meal because this product meets the entire vegetables component.

True: 1 cup vegetable is the minimum amount a school must offer to meet the daily vegetables requirement for grades 9–12, and a serving of the Kale and Sweet Potato Soup provides 1 cup of total vegetable. Under Offer versus Serve, students must select ½ cup of fruit or vegetable, plus two additional meal components for the meal to be reimbursable.

Crediting **Fruits** in the **Child Nutrition Programs** Tip Sheet

Fruits are a required component for reimbursable meals in the National School Lunch Program (NSLP), the School Breakfast Program (SBP), the Preschool Lunch Meal Pattern, and the Child and Adult Care Food Program (CACFP) lunch and supper meals. However, this requirement can also be met with a vegetable (with the exception of NSLP). Fruits may be served as part of a reimbursable meal to fulfill the combined fruits and vegetables requirement for Preschool and CACFP breakfasts, as well as in the Summer Food Service Program (SFSP). They may also be served as one of the two required meal components for a reimbursable snack in all Child Nutrition Programs.

Fruit Requirements

- Fruits may be fresh, frozen, dried, canned (packed in water, fruit juice, or light syrup), and/or pasteurized, full-strength (100%) fruit juice. Examples of creditable fruits can be found in the *Food Buying Guide for Child Nutrition Programs (FBG)* at <https://foodbuyingguide.fns.usda.gov/>.
- The minimum creditable serving size for fruit is $\frac{1}{8}$ cup. **Note:** minimum creditable amounts do not apply to the infant meal pattern.

- Pureed fruits credit as juice when served in a smoothie.

- Fruits credit towards a meal based on the volume served (except for dried fruit).
 - Whole dried fruit and whole dried fruit pieces credit at twice the volume served in School Meal Programs and CACFP.
 - Example: $\frac{1}{8}$ cup of dried cranberries credits as $\frac{1}{4}$ cup fruit.
 - $\frac{1}{8}$ cup of any fruit is the minimum serving size that may be creditable. For example, although dried fruit credits as twice the volume served, $\frac{1}{16}$ cup (1 Tbsp) of dried fruit cannot be offered to count as $\frac{1}{8}$ cup, because $\frac{1}{16}$ cup is less than the minimum serving size that may be creditable.
 - **Note:** In SFSP and NSLP Afterschool Snack Service, dried fruit credits as volume served.

- Menu items in School Meal Programs and CACFP that are mixtures of fruits and vegetables (e.g., fruit salsa made with peaches and red pepper), must be credited separately for the fruits and the vegetables components.

More training, menu planning, and nutrition education materials can be found at TeamNutrition.USDA.gov.

Coconut Credits in Child Nutrition Programs

- Coconut (fresh or frozen) credits as a fruit based on the volume served.
- Like other dried fruit, dried coconut credits at twice the volume served in School Meal Programs and CACFP.
- Coconut water, **labeled as 100% juice**, credits as fruit juice per volume served. **Note:** This is not “coconut milk,” which is not creditable.

Products that Do Not Contribute Toward the Meal Pattern Requirements

- ✗ Snack-type foods made from fruits (for example: fried banana chips, fruit drops, fruit strips)
- ✗ Freeze-dried fruits
- ✗ Pickle relish, jam, jelly, or other condiments
- ✗ Home-canned products (for food safety reasons)
- ✗ Coconut flour and coconut oil

Fruit Juice

- Pasteurized, full strength (100%) fruit juice (in either liquid or frozen form) may be used to meet the fruits requirement of reimbursable meals or snacks.
- Juice concentrates can be used only when reconstituted to full-strength, 100% juice, and can be served either as liquid or frozen juice.
- Juice may be used as one component of a snack when the other component **is not** a beverage (e.g., fluid milk).
- Juice does not credit when used as an ingredient in another food or beverage product, with the exception of smoothies.

Serving Fruit and Fruit Juice in Child Nutrition Programs

NSLP Afterschool Snack Service

- Full-strength 100% vegetable or fruit juice may count toward the entire vegetables or fruits component.
- Juice may not be served when milk is served as the only other component.

Summer Food Service Program

- Fruit or vegetable juice must be full-strength for breakfast and snacks.
- For lunch and supper, full-strength 100% vegetable or fruit juice may be counted to meet not more than ½ of the vegetables or fruits requirement.

CACFP – Infants

- Fruit and vegetable juices must not be served.
- A serving of fruit is required when the infant is developmentally ready to accept it.

CACFP – Children and Adults

- Pasteurized, full-strength 100% juice may only be used to meet the vegetables or fruits requirement at one meal per day, including snack.*
- At breakfast, either vegetables, fruits or portions of both may fulfill the combined vegetables and fruits component.
- At lunch and supper, a vegetable may be used to meet the entire fruits requirement.

School Meal Programs (NSLP and SBP)

- No more than ½ of the total weekly fruits offered may be met with full-strength 100% fruit juice.
- For breakfast, vegetables may be substituted for fruits.

Preschool

- Pasteurized, full-strength 100% juice may only be used to meet the vegetables or fruits requirement at one meal, including snack, per day.*
- At breakfast, either vegetables, fruits, or portions of both may fulfill the combined vegetables and fruits component.
- At lunch, a vegetable may be used to meet the entire fruits requirement.

*Juice limit is measured by program. For example, if a school serves lunch to preschoolers under NSLP and a snack through CACFP, the school can serve juice at both lunch and snack.

True or False

Select the correct answer.

- School meals can offer up to half the weekly fruits as 100% juice.
 True False
- The minimum creditable serving size for fruit is ¼ cup.
 True False
- Mixed fruit and vegetable menu items must credit separately as a fruit and a vegetable and each component must contain a minimum of ⅓ cup for School Meal Programs and CACFP.
 True False
- Organic fried banana chips are creditable.
 True False
- A smoothie that contains 8 fluid ounces of fat-free milk, ½ cup blueberry puree, and 4 oz low-fat yogurt can credit as ½ cup 100% fruit juice.
 True False
- Students can take ½ cup of apricots to meet the minimum fruits requirement for a reimbursable lunch meal.

How Much?

You've decided to add peaches to the salad bar. You're using 20-pound bags of frozen peaches. According to the *Food Buying Guide for Child Nutrition Programs (FBG)*, one 20-pound bag of sliced frozen peaches provides 147.40 quarter-cup servings of thawed frozen peaches with the liquid. Use the FBG entry below to answer the questions.

1. Food As Purchased, AP	2. Purchase Unit	3. Servings per Purchase Unit, EP	4. Serving Size per Meal Contribution	5. Purchase Units for 100 Servings	6. Additional Information
Peaches, frozen <i>Sliced, Sweetened or Unsweetened, Includes USDA Foods</i>	20 lb Bag	147.40	1/4 cup thawed, fruit and liquid	0.68	20-lb Bag = about 36-7/8 cups thawed peaches and liquid

- How many half-cup servings will one 20-pound bag of thawed peaches with the liquid provide? _____
- If you want to serve 110 quarter-cup servings of peaches, thawed with fruit and liquid, how many pounds of frozen peaches will you need? _____

- School meals can offer up to half the weekly fruits as 100% juice.
True: Up to half of the fruits offered at school can be in the form of 100% juice.
- The minimum creditable serving size for fruit is $\frac{1}{4}$ cup.
False: The minimum creditable serving size for fruit is $\frac{1}{8}$ cup.
- Mixed fruit and vegetable menu items must credit separately as a fruit and a vegetable and each component must contain a minimum of $\frac{1}{8}$ cup for School Meal Programs and CACFP.
True: For both School Meal Programs and CACFP, fruits and vegetables present in the same dish must credit separately for the fruits or vegetables component and contain a minimum of $\frac{1}{8}$ cup fruit or $\frac{1}{8}$ cup vegetable.
- Organic fried banana chips are creditable.
False: Snack-type foods made from fruits, such as fried banana chips do not contribute to the meal pattern requirements.
- A smoothie that contains 8 fluid ounces of fat-free milk, $\frac{1}{2}$ cup blueberry puree, and 4 oz low-fat yogurt can credit as $\frac{1}{2}$ cup 100% fruit juice.
True: Fruit served in a smoothie credits based on the pureed volume, in its thawed state, if frozen. The pureed fruit in a smoothie credits as 100% fruit juice.
- Students can take $\frac{1}{2}$ cup of apricots to meet the minimum fruits requirement for a reimbursable lunch meal.
True: In order for a lunch to be reimbursable, the daily minimum amount of fruit offered must be $\frac{1}{2}$ cup for students in Kindergarten through 8th grade and 1 cup for students in grades 9 through 12. Under Offer versus Serve, students must take $\frac{1}{2}$ cup of fruit or vegetable plus two other meal components at lunch in order for the meal to be considered reimbursable.

How Much?

You've decided to add peaches to the salad bar. You're using 20-pound bags of frozen peaches. According to the Food Buying Guide for Child Nutrition Programs (FBG), one 20-pound bag of sliced frozen peaches provides 147.40 quarter-cup servings of thawed frozen peaches with the liquid.

- How many half-cup servings will one 20-pound bag of thawed peaches with the liquid provide?

73 half-cup servings

One 20-pound bag of frozen peaches provides 147.40 quarter-cup servings thawed fruit with liquid. We know that 2 quarter-cup servings equal 1 half-cup serving ($\frac{1}{4}$ cup + $\frac{1}{4}$ cup = $\frac{1}{2}$ cup). Therefore, if we divide the number of quarter cups by 2, we will get the number of half-cup servings:

147.40 quarter-cup servings \div 2 = 73.7 half-cup servings, which rounds down to 73 half-cup servings.

- If you want to serve 110 quarter-cup servings of peaches, thawed with fruit and liquid, how many pounds of frozen peaches will you need? **15 pounds**

If there are 147.40 quarter-cup servings in a 20-pound bag, then the desired number of quarter-cup servings must be divided by 147.40 to calculate the portion of the (20-pound) bag that will be needed:

110 quarter-cup servings \div 147.40 quarter-cup servings = 0.7463 of a 20-pound bag.

Then, calculate the weight of the needed portion of the 20-pound bag:

0.7463 x 20 pounds = 14.93 pounds, which rounds up to 15 pounds

Crediting **Meats/Meat Alternates** in the **Child Nutrition Programs** Tip Sheet

Meats/Meat Alternates (M/MAs) are a required meal component for reimbursable lunches and suppers in Child Nutrition Programs (CNPs), such as the National School Lunch Program (NSLP), the Child and Adult Care Food Program (CACFP), and the Summer Food Service Program (SFSP). They are also a required meal component for lunches served under the Preschool Meal Pattern. M/MAs are not required for a reimbursable breakfast in CNPs, but may be offered in place of grains, with certain limitations, in the School Breakfast Program (SBP), the Preschool Breakfast Meal Pattern, and the CACFP. M/MAs may also be served as one of the two required meal components for a reimbursable snack in CNPs. When planning menus, remember:

- M/MAs are measured in ounce equivalents (oz eq). An oz eq of M/MA is the amount of the food that represents 1 ounce of edible portion of lean meat without the bone. See page 2 for a list of creditable M/MAs commonly served in CNPs and their 1 oz eq amounts.
- The M/MA amount offered **must provide a minimum of 0.25 oz eq per serving to be creditable in CNPs.**
- The minimum creditable amounts do not apply to the CACFP infant meal pattern.

Specific Program Requirements

School Meals: NSLP & SBP

NSLP has daily minimum requirements for M/MAs as well as weekly minimums and maximums at lunch, depending on grade level. Schools may exceed the weekly maximum for M/MAs, provided that meals (on average) meet the weekly dietary specifications for calories, saturated fat, sodium, and *trans* fat.

NSLP M/MA Daily and Weekly Requirements

Grades	Daily Min (oz eq)	Weekly Min (oz eq)	Weekly Max (oz eq)
K-5	1	8	10
6-8	1	9	10
9-12	2	10	12

SBP does not have a required M/MA meal component. However, schools can choose to offer them to meet the weekly required amount of grains, after the minimum daily 1 oz eq grains is met.

For more information, check out *Offering Meats and Meat Alternates at School Breakfast* at www.fns.usda.gov/tn/offering-meats-and-meat-alternates-school-breakfast.

NSLP Afterschool Snack Service: 1 oz eq M/MA for all ages.

Specific Program Requirements (continued)

CACFP & Preschool Meals

CACFP has minimum M/MA requirements for children and adults that vary by meal/snack and age.

Preschool meals, served through NSLP and SBP, follow the same meal pattern as CACFP.

M/MA Minimum Requirements (oz eq)

Age (years)	Breakfast* (when served in place of grains)	Lunch & Supper	Snack** (when served)
1-2	½	1	½
3-5	½	1½	½
6-12	1	2	1
13-18	1	2	1
Adult	2	2	1

SFSP: For all ages, 2 oz eq M/MA at lunch and supper; 1 oz eq, if offered, at snack; No requirement at breakfast.

For more information, check out *Serving Meats and Meat Alternates at Breakfast* at

www.fns.usda.gov/tn/serving-meats-and-meat-alternates-breakfast-cacfp

*M/MA is not required at breakfast but may be served in place of grains **up to 3 times per week** to meet part or all of the grains requirement. 1 oz eq of M/MA replaces 1 oz eq of grains.

**M/MA is not required at snack but may be served as one of two required meal components.

What To Serve and How Much?

Below are common meats and meat alternates with the amount needed to provide 1 oz eq M/MA.

Common Creditable Meats* (oz eq)

- Beef
 - Canadian bacon
 - Chicken
 - Duck
 - Fish
 - Game meat** (bison, venison (deer))
 - Ham (fresh)
 - Lamb
 - Pork (fresh or mildly cured)
 - Pork sausage
 - Shellfish
 - Turkey
- 1 oz cooked lean meat = 1 oz eq**

- Bologna
 - Frankfurter/hot dog
 - Knockwurst
 - Vienna sausage
- 1 oz serving = 1 oz eq**

- Surimi seafood
 - Surimi seafood is pasteurized, ready-to-eat, restructured seafood usually made from pollock (fish).
- 1.0 oz = 0.25 oz eq**
3.0 oz = 1.0 oz eq
4.4 oz = 1.5 oz eq

*Not an exhaustive list

**Only creditable if inspected and approved by an appropriate State, local, or Federal agency, or when served as traditional food on Indian Reservations or schools/institutions operated by Indian Tribes/Tribal organizations.

Common Creditable Meat Alternates* (oz eq)

Bean soup (Ready-to-Serve)

- Check the *Food Buying Guide* (FBG) for specific items that are creditable. Some commercially prepared products, such as bean soup, are listed in the FBG.**

½ cup = 1 oz eq

Cheese

- Natural and processed cheese and cheese substitutes such as:
 - American, Cheddar, Mozzarella, Provolone, Swiss, Feta, Brie, Parmesan, Romano
- Cottage cheese, Ricotta cheese
- Cheese food, cheese food substitutes, cheese spread

1 oz = 1 oz eq

2 oz (or ¼ cup) = 1 oz eq

2 oz = 1 oz eq

Eggs, whole (fresh, frozen, dried)

½ large egg = 1 oz eq

Legumes (beans, peas, lentil), cooked

- Dry beans & peas may credit as a meat alternate or vegetable, but not as both for the same item at the same meal.

¼ cup = 1 oz eq

Nuts & seeds

- Cannot be used to meet more than 50 percent of M/MA requirement at lunch or supper
- ⚠️ Serve with caution to children under age 4 and older adult participants in the CACFP. See: <https://www.fns.usda.gov/tn/reducing-risk-choking-young-children-mealtimes>

1 oz = 1 oz eq

Pasta or noodles made from 100 percent bean/legume flour

- To credit as a MA, it must be served with an additional visible M/MA of at least 0.25 oz eq per serving. For example, 0.25 oz eq cheese sprinkled over the pasta.
- It can also credit as a vegetable, but not as both a vegetable and MA in the same meal.

¼ cup cooked = 1 oz eq

Peanut butter & other nut or seed butters

2 tablespoons = 1 oz eq

Tempeh (commercially prepared)

- Crediting applies to tempeh with ingredients limited to soybeans, other legumes, water, or tempeh culture, but may also contain vinegar, seasonings, and herbs.
- Documentation needed for other formulations.**

1 oz = 1 oz eq

Tofu (commercially prepared)

- 1 oz eq serving must contain at least 5 grams of protein; typically found in firm or extra firm tofu.

2.2 oz or ¼ cup = 1 oz eq

Yogurt or soy yogurt (commercially prepared): plain or flavored, unsweetened or sweetened

- Yogurt served in CACFP and Preschool must contain no more than 23 grams of total sugars per 6 ounces of yogurt.
- Yogurt is the only creditable M/MA allowed in a smoothie. Smoothies can be prepared in-house or commercially (documentation required).
- Probiotic drinks, drinkable yogurt, or yogurt drinks are not creditable.

½ cup (4 oz) = 1 oz eq

*Not an exhaustive list ** See Page 4 for Items That May Be Creditable with Proper Documentation

Foods Not Creditable as Meats/Meat Alternates

- ✗ Canned, pressed luncheon meat (potted/deviled)
- ✗ Ceviche or home pickled fish; Sushi (raw seafood and Sashimi)

- ✗ Nut flour
- ✗ Peanut butter “spreads” (a mixture of peanut butter and other ingredients)
- ✗ Pig’s feet and ham hocks
- ✗ Pork bacon and imitation bacon products/salt pork/scrapple
- ✗ Powdered cheese (such as in boxed macaroni and cheese)
- ✗ Tofu, silken or soft, added to smoothies or baked into desserts for texture/nutrition enhancement

Items That May Be Creditable With Proper Documentation

Some food items containing M/MA may not be listed in the *Food Buying Guide for Child Nutrition Programs* (FBG); however, they still may be creditable with proper documentation, such as a Child Nutrition (CN) label or Product Formulation Statement (PFS). Examples of these foods are:

- ✓ Combination foods, such as pizza, corn dogs, chicken nuggets, and meat sauce
- ✓ Dried meat, poultry, and seafood
- ✓ Luncheon meat that is not listed in the FBG
- ✓ Turkey bacon/sausage that is not listed in the FBG
- ✓ Pepperoni
- ✓ Hummus

Note: Foods listed in the FBG are creditable in CNPs. A limited number of combination foods are listed in the FBG (e.g., *beef stew, chili, fish sticks*), so check the FBG first!

Example CN Label – Whole Grain Pizza

The CN Labeling Program is a voluntary Federal labeling program for CNPs. A CN label identifies the contribution of a product toward the meal pattern requirements. Main dishes that contribute at least 0.50 oz eq per serving to the M/MA meal component are eligible for a CN label. For more information visit: <https://www.fns.usda.gov/cn/labeling-program>.

When food items with a CN label are served according to directions, the label is sufficient documentation and provides a warranty against audit claims.

Whole Grain Cheese Pizza

Ingredient Statement: White whole wheat flour, part skim mozzarella cheese, tomatoes, tomato paste, water, salt.

Example PFS – Honey Lime Chopped Chicken

When a CN label is not available, Program operators may request that the manufacturer provide a PFS to show how the creditable ingredients in the product contribute toward the meal pattern requirements for M/MA, fruits, vegetables (including subgroups), and grains.

 USDA does not approve Product Formulation Statements. Program operators are responsible for verifying and keeping records of the PFS. Always evaluate the PFS using the [USDA's PFS Tip Sheet](https://www.fns.usda.gov/sites/default/files/resource-files/manufacturerPFStipsheet.pdf) before adding it to your menu. Other Special Considerations

-  **Enriched Macaroni Products with Fortified Protein:** May be used in school meals and SFSP to meet part of the M/MA requirement or the grains requirement, but not as both in the same meal. If used to meet the M/MA requirement, 1 ounce (28.35 grams) of dry product may meet up to half of the M/MA requirement when served with 1 ounce cooked meat, poultry, fish, or cheese. More details can be found in 7 CFR Part 210 Appendix A (l)(1)(2) (<https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-210#Appendix-A-to-Part-210>) and 7 CFR 225.16(e)(3) ([https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-225#p-225.16\(e\)\(3\)](https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-225#p-225.16(e)(3)))
-  Products formulated with **Alternate Protein Product (APP)** may credit toward all or part of the M/MA requirement. Examples of APPs include soy flours, soy concentrates, soy isolates, whey protein concentrate, whey protein isolate and casein. Products containing APPs must be documented with a CN label or a PFS. Details for completing this documentation can be found at <https://www.fns.usda.gov/cn/labeling/food-manufacturersindustry>

Test Your Knowledge

1. A family day care home is low on inventory and has the following to serve for the children’s lunch. Which of these choices could be served to fulfill the M/MA requirement for a CACFP lunch? (Select one)

- Smoothie made with silken tofu
- Venison that was donated by a parent
- A mixture of almonds and sesame seeds
- Grilled cheese sandwich
- Egg white omelet

2. High school students have been requesting more food in their breakfast menus. The cafeteria manager decides to add ½ cup yogurt to a menu that has mixed fruits (1 cup), pancakes (1 oz eq grains), and milk (1 cup). Can the yogurt be part of a reimbursable breakfast in the SBP?

- Yes
- No

Chart 1A: School Breakfast Program (SBP)

Meal Components	Grades K - 5	Grades 6 - 8	Grades 9 - 12
Amount of Food¹ Per Week (Minimum per day)			
Fruits (cups) ^{2,3}	5 (1)	5 (1)	5 (1)
Vegetables (cups) ^{2,3}	0	0	0
Grains (oz eq) ⁴	7-10 (1)	8-10 (1)	9-10 (1)
Meats/Meat Alternates (oz eq) ⁵	0	0	0
Fluid Milk (cups) ⁶	5 (1)	5 (1)	5 (1)

3. A SFSP operator has found a turkey luncheon meat that has received high acceptability ratings from program participants, and the operator has an opportunity to purchase it in bulk for a good price. However, this product is not listed in the FBG. What should the Program operator do **prior** to purchasing the product to determine how the product contributes to the meal pattern requirements? (Select all that apply.)

- Go ahead and use it, since the children enjoy it and will consume this meal.
- Do not use it. If it’s not in the FBG, it cannot be creditable.
- Check the CN labeling website (<https://www.fns.usda.gov/cn/labeling-program>) to determine if this product has a CN label.
- Ask the manufacturer to provide a PFS for the product. Evaluate the PFS using USDA’s PFS Tip Sheet.

Answers

1. A family day care home is low on inventory and has the following to serve for the children’s lunch. Which of these could be served to fulfill the M/MA requirement for a CACFP lunch? (Select one)

- Smoothie made with silken tofu
No: Tofu in smoothies are not creditable
- Venison that was donated by a parent
No: All game meat must have proper inspection/approval by an appropriate State, local or Federal agency, or when served as traditional food on Indian Reservations or schools/institutions operated by Indian/Tribal organizations.
- A mixture of almonds and sesame seeds
No: Nuts & seeds can only meet up to half of the M/MA requirement. Additional M/MA would need to be served to meet the entire requirement.
- Grilled cheese sandwich
Yes: This is creditable
- Egg white omelet
No: Egg whites are not creditable, only whole eggs.

2. High school students have been requesting more food in their breakfast menus. The cafeteria manager decides to add ½ cup yogurt to a menu that has mixed fruits (1 cup), pancakes (1 oz eq grains), and milk (1 cup). Can the yogurt be part of a reimbursable breakfast in the SBP?

- Yes: A M/MA is not a requirement in SBP, but 1 oz eq of M/MA may be substituted for 1 oz eq grains after the daily grains requirement is met. The 1 oz eq daily grains requirement is met by the pancakes, so the ½ cup yogurt can be served and contribute toward the weekly grains requirement of 9-10 oz eq.**
- No

- Go ahead and use it, since the children enjoy it and will consume this meal.

- Check the CN labeling website (<https://www.fns.usda.gov/cn/labeling-program>) to determine if this product has a CN label.**
- Ask the manufacturer to provide a PFS for the product. Evaluate the PFS using USDA’s PFS Tip Sheet.**

It is important to make sure the product being served is creditable. First check the FBG. However, if the product is not listed in the FBG, it still may be creditable. In this case, check the CN labeling website to determine if the product has a CN label. If it does, you can use the product. If it doesn’t have a CN label, ask the manufacturer for a PFS that shows how the product credits toward CNPs. Please see the [Tip Sheet for Accepting Processed Product Documentation](https://www.fns.usda.gov/sites/default/files/resource-files/cnl_tipsheet-processedproduct.pdf) (https://www.fns.usda.gov/sites/default/files/resource-files/cnl_tipsheet-processedproduct.pdf) for more information on how a product not listed in the FBG can contribute toward a reimbursable meal.
